

ESTABLISHED 1873

BOND ELECTION SET FOR OCTOBER

KILLING FROST REPORTED IN NORTHWEST

Williston and Devils Lake Were Only Points in State Where it Frosted

WILL FROST TONIGHT

Bismarck Had Highest Temperature in State, Says Weather Report

Bismarck was the warmest spot in the state last night. With 38 as its lowest it was a degree warmer than Grand Forks, Bismarck with 10 as its lowest and Williston with 28 as its lowest were the coldest spots in the state, according to the report of O. W. Roberts, meteorologist at the local weather bureau. Killing frosts occurred at some stations in the state.

SNOW FLURRY IN DULUTH. Duluth, Sept. 12.—A brief snow flurry visited Duluth today. The temperature according to the local U. S. weather bureau was 45 degrees above zero. It was the earliest trace of snow recorded in Duluth in the history of the local weather bureau which dates back to 1871.

MERCURY DESCENDS. Minot, Sept. 12.—The mercury descended to 38 degrees in Minot last night, accompanying heavy frosts which are reported to have caused slight damage to garden stuff.

Washington, Sept. 12.—Trost and temperatures approaching the freezing point in northwestern Minnesota, North Dakota, Montana and northern Wyoming and in Alberta were attributed today by the weather bureau to a vast area of high pressure over the northwestern states.

Fargo, Sept. 12.—Killing frosts last night were reported at Williston and Devils Lake, the only two North Dakota points reporting such a heavy frost. The mercury went down to 28 degrees at Williston and 30 at Devils Lake. The forecast for Fargo says frost tonight.

Chicago, Sept. 12.—Heavy to killing frost in Montana, North Dakota, and Northern Wyoming were reported to the district weather bureau today, while grain market reports told of a light frost as far south as De Kalb, Ill.

Drops in temperature have occurred over the Mississippi area in the far northwest became more extensive with the freezing temperatures in the Canadian northwest and the frontier section to the south, according to the weather bureau.

TWO YOUTHFUL VAGRANTS IN JAMESTOWN

Youngsters, Following Their Parents by Foot, Lose Their Way

Jamestown, N. D., Sept. 12.—County authorities here are seeking for the parents of North Dakota's youngest vagrants.

The pair, who wrote their names, at the request of Judge Coffey of the district juvenile court, as Dave and Milton Ryckman, 11 and 8 years old, were brought to Jamestown Sunday by Windsor residents.

Tattered and dirty, they told of making their way alone for more than a fortnight, sleeping in straw piles and begging their food from farmhouses or foraging in wayside gardens.

Their father and mother, the lads declared, with five other children, had been driving toward Dickinson in a wagon.

The pair had started to make the trip on foot, walking behind the team. Tired and footsore they had stopped to rest beside the road and had lost sight of the rest of the family, they said.

The children have been placed in charge of Sheriff Ross while authorities attempt to find their parents.

Wall of Elevator Gives Way; 1,000 Bu. Flax Lost

Wahpeton, N. D., Sept. 12.—About 1,000 bushels of flax were scattered for 60 feet in front of the Baldwin owned and operated by the Baldwin Flour Mills here Saturday when the side wall gave way.

Ira G. Mose, manager of the elevator, narrowly escaped injury by jumping to one side when he heard the cracking and managed to get out of the way of the wall as it came out, but was hip deep in flax and pushed against the driveway railing.

A strip of wall about 10 feet high was forced out.

The elevator is an old one, built more than 30 years ago.

Prayers are held every morning in a mine shaft near Duquoin, Ill.

MRS. WHEELER DOMINATED MUSICAL LIFE IN NORTHWEST FOR 31 YEARS; GREATLY ADMIRER BY SCHUMANN HEINK

Leader in Musical Affairs in North Dakota Dies in Mandan Home

FAMOUS AS TEACHER

Took Prominent Part in National Organizations to Promote Music

Mrs. Emma Grimwood Wheeler, teacher of music in Bismarck and Mandan for the past thirty-one years, who died at her home in Mandan early yesterday morning as a result of a general breakdown coming after her trip to the International Musical Congress held in Copenhagen, Denmark, will probably be buried in Mandan according to members of her family. Final funeral arrangements are not completed however, as her immediate family are awaiting the arrival of a brother, Edward Grimwood from Oxford Junction, Iowa.

Mrs. Wheeler, who for the past four years has been president of the Northern Lights district of the American Federation of Music Clubs has lived in Mandan for the past thirty-one years and who had been instructing Bismarck and Mandan students of the piano for that time, continued her music classes until shortly before Christmas when she was unable to continue them.

Mrs. Wheeler was born in Rossville, Iowa, September 8, 1857, receiving her early musical education there and later going to Dubuque, Iowa, where she took more work along musical lines. It was in Dubuque that she married W. A. Wheeler, coming to Mandan directly after her marriage.

Before her trip to the International Musical Congress Mrs. Wheeler visited with Mrs. Siebold at her home in Akron, Ohio, where a group of delegates to the Congress, including some of the most famous artists of America, were being entertained.

Following her visit to the International Musical Congress, Mrs. Wheeler accompanied a group of artists on a tour through Europe, taking work under some of the master musicians of Europe and visiting Germany, France, England, Holland and Italy.

Mrs. Emma Grimwood Wheeler was a woman of strong personality. She was identified with the musical clubs of both Bismarck and Mandan being president of the Mandan Musical Club for one of her trips abroad she became acquainted with Schumann-Heink, the great prima donna, and one of her treasured souvenirs of this trip was a picture taken with the great singer.

In August of 1921 she attended the twelfth biennial convention of the National Federation of Music Clubs at Vancouver, at that time she was president of the Northern Lights district of the American Federation and served on the resolutions committee and was also a member of the board of auxiliary managers, which indicated the esteem she was held in national musical circles, who give recognition for merit only.

For many years Mrs. Emma Grimwood has made her home with her sister, Mrs. Wheeler.

Mrs. Wheeler is survived by her husband, W. A. Wheeler of Mandan a brother, Edward Grimwood of Oxford Junction, Iowa, and by a sister, Miss Sue Grimwood of Mandan.

BAVARIANS OPPOSING EMIGRATION

Want to Stop Proposed Migration Unless Canadian Papers Stop Propaganda

Munich, Sept. 12.—Leading Bavarian newspapers have launched a campaign opposing the proposed emigration of Bavarians to Canada, unless there be "a cessation of anti-German and war guilt propaganda in Canada."

Answering statements published recently which quote the Canadian government as offering free transportation to Central European farmers, emigrants, the press attacks the project, alleging that Canada, because of unemployment and the present price of grain, is little more attractive than their homeland to the farmers.

Molla Mallory Advances in Tennis

Philadelphia, Sept. 12.—Mrs. Jolla Bjurstedt Mallory, formerly national champion, advanced to the third round of the Middle States Women's Tennis championships at the Philadelphia Cricket club by her defeat of Mrs. George R. Powell of Philadelphia, 6-1, 6-0.

In the first round Mrs. Mallory drew a bye.

The Misses Lillian Scherman and Eleanor Goss of New York defeated their respective opponents, the Misses Phyllis Walsh and Vincent Willard of Philadelphia. The scores in both matches were 6-0, 6-0.

In an extra set match, Miss Elizabeth Warren of Baltimore defeated Miss Peggy Ferguson of Philadelphia, 6-3, 4-6, 6-6.

EMMA G. WHEELER

COOLIDGE WILL SEE COMMITTEE OF BANKERS

Rep. Young Says Wheat Situation Warrants Extra Session of Congress

Washington, Sept. 12.—Representative Young, Republican, North Dakota, arranged today for President Coolidge to see a committee of bankers from the ninth Federal Reserve district next week to discuss the wheat crop situation.

Mr. Young said that the committee would favor reviving the U. S. Grain Corporation to take over and handle the entire wheat crop.

Bankers of the ninth district, Mr. Young added, believe the wheat situation is of sufficient gravity to warrant an early extra session of Congress since legislative action would be necessary to revive the grain corporation. He said it was not the idea that the corporation should fix prices but should handle the crop with a view to stabilizing the market and preventing speculation.

PIONEER OF BURLEIGH COUNTY DIES

Mrs. Maria E. Snyder of Boyd Township Passes Away Monday Afternoon

Mrs. Maria E. Snyder, with her husband one of the earliest settlers of Burleigh county, died last Monday afternoon at the age of 73 after a long illness. Mrs. Snyder had lived practically all of her life in Boyd Township.

The funeral will be held from the McKensie church at two-thirty next Thursday afternoon with Rev. Lewis officiating. Burial will be made in the Sterling cemetery.

The deceased is survived by her husband, Charles Snyder, one son, W. E. Snyder of McKensie, and two daughters, Bessie L. Lear and Nellie M. Johnson, both of Sterling.

WEST INDIES MAY BE HOME FOR GERMANS

Exiled Nobility of Germany May Settle in Dutch West Indies

London, Sept. 12.—The Dutch West Indies may become a place of refuge for exiled members of the German nobility. These colonies consist of the islands of the Curacao group, off the shores of Venezuela, and Dutch Guiana, on the north coast of South America. Representatives of such exiles have been looking for a suitable country where property might be purchased without undue criticism, and depleted capital laid out to advantage.

Already some purchases have been made, the most notable being that of the former reigning Duke of Mecklenburg, who himself recently made a trip to the West Indies and purchased several large plantations. His action has been copied by many of the lesser nobles, and it is expected a colony of these exiles shortly will be settled on the islands.

PRICE FIXING BY GOVERNMENT IS FAILURE

Aaron Sapiro Tells Fargo Business Men That Courts Are Not Help

CITES EXAMPLES

Says Industrial Unity Is Only Way to Bring Prosperity to Nation

Fargo, Sept. 12.—Price fixing or any other form of government interference in solving an economic problem is a court failure, Aaron Sapiro, national authority on cooperative marketing told Fargo business men at the noon meeting of the Rotary here today.

To support his contention he cited a recent experience of the California Raisin Growers association in price fixing when with raisins selling at 22c a pound the directors of the association attempted to guarantee a price to the grower. Stagnation came to the industry and the market price fell below the contract price with the result that the association found itself facing a \$2,000,000 deficit and no means to abrogate the contract.

"Until you have industrial unity you cannot have real prosperity," Mr. Sapiro said. "As long as there is a division of interest you are going to have political unrest. Until there is a decent standard of living for the farmers of this section your economic situation will continue in turmoil and you will have farmers demanding price fixing asking for help from the public purse, and every other kind of half-baked relief from which there can come no permanent remedy; only misery in increased amounts."

Mr. Sapiro briefly reviewed what he termed the fundamental defect in the present system of marketing potatoes, pointing out that growers dump their products on the market and break their own price rather than have merchants buy them, selling them as consumption demand.

HELLSTROM'S CONTRACT IS KNOCKED OUT

Commission Plan of Payment Not Legal Declares Judge Jansonius

Judge Jansonius issued an order today restraining the board of county commissioners from continuing the contract entered into with F. O. Hellstrom to collect certain taxes alleged to be due from certain corporations upon a percentage of commissions based on voiding this contract, Judge Jansonius declared that the proper procedure would be fixing Hellstrom's remuneration upon a salary basis. Newton, Dullam and Young appeared for plaintiffs, F. W. Murphy, T. H. Cayon, and J. F. George.

The opinion follows: "This is an application for an order restraining and enjoining the defendants from allowing and paying any claim for services that may be presented by F. O. Hellstrom under the following resolution of the Board of County Commissioners:

"Moved by Commissioner Swanson, Seconded by Commissioner Sedore: 'Whereas, it has been brought to the attention of the board of county commissioners that large amounts of taxable property have been alleged to have been transferred during the last year, and previous thereto; and

"Whereas, an F. O. Hellstrom has been instrumental in calling this matter to our attention and has compiled and brought certain data before us in relation thereto;

"Therefore, Be It Resolved, that the said F. O. Hellstrom be employed to assist the state's attorney in investigating said matter not only those who are affected by the data now brought before us by him, but all property that has escaped taxation regardless of individuals or corporations affected, and that he receive a retainer of \$200.00 and ten per cent of all taxes actually collected from any taxable property placed on the tax lists through his efforts, but in case the ten per cent shall equal the sum of \$200.00, then and in that case said retainer fee shall be deducted from said ten per cent allowance. On call call all commissioners voted 'aye'."

"The first objection raised is that the Board of County Commissioners has no authority to employ a special assistant state's attorney."

"In view of the fact that Burleigh County has no salaried assistant state's attorney, and it appears that the employment of Mr. Hellstrom was at the instance of the state's attorney, or at least with his consent, and to assist him, I do not think the objection for that reason alone is good."

"The other objection, namely, the matter of compensation is a more serious one. Instead of fixing Mr. Hellstrom's salary as an Assistant State's Attorney, a contingent fee of ten per cent is provided by the resolution in other words, assuming that the Board may in their discretion employ an attorney to assist the State's Attorney, does it follow that the Board may, as (Continued on Page 5)

Mrs. Seile W. Bliss, Baraboo, Wis., has been elected national president of the Women's Relief Corps. Her choice was unanimous.

TWO KILLED 4 INJURED IN AUTO WRECK

Northern Pacific Train Hits Car Near Big Lake, Near St. Cloud, Minnesota

FROM WINNIPEG

Trainmen Rush Injured to St. Cloud For Medical Treatment

TWO KILLED St. Cloud, Sept. 12.—Two women were instantly killed and four other persons were injured, one probably fatally when the auto they were riding in was struck by a west bound N. P. passenger train near Big Lake.

Those instantly killed: Mrs. Alex Boal and Mrs. Siguron, both of Winnipeg.

THREE FATALITY INJURED St. Cloud, Sept. 12.—Two persons were instantly killed and 4 others injured, three probably mortally when the automobile they were riding in was struck by a N. P. Passenger train two miles east of Big Lake here today.

All occupants of the automobile were from Winnipeg and were enroute home from a visit in Minneapolis when the accident occurred.

Those killed: Mrs. Arthur Boal and her daughter.

The injured: Arthur Boal, another daughter, and Mathew Jallin, also of Winnipeg.

According to trainmen, the passenger which was the local drew to St. Cloud at 11:40 and was traveling at its usual speed when it struck the auto and threw it 50 feet from the right of way, demolishing it.

The crossing is at an open stretch of country. Trainmen brought the injured to St. Cloud aboard the train and they were hurried to a hospital where it was said that all but the young son would not recover.

MRS. MOE KILLED Fargo, Sept. 12.—Mrs. Elmer M. Moe, of Great Falls, Mont. was killed almost instantly and her husband, a newspaper man, suffered injuries about the head when their automobile was struck by a Northern Pacific passenger train at Wheatland today, according to word received here.

The ten months old Moe baby was thrown from the machine by Mrs. Moe before the crash and landed on the depot platform badly bruised.

Mr. Moe will recover.

The Moe family was enroute to Great Falls from Hayward, Minn., where they visited Mrs. Moe's parents.

Horseshoes Found In Grain Stacks

Buffalo, N. D., Sept. 12.—Local authorities are searching for persons believed to have "loaded" grain shocks near here with horseshoes. Sam Francis and Charles Puntton, farmers of near here, have several times found shoes in the shocks being brought to the threshing rig and twice the irons were unaccounted and went into the thrasher, running two convalesces each time.

The men said they had no idea who would be responsible for the acts. If proven guilty of sabotaging the perpetrators are subject to severe punishment.

COMPENSATION IS HARD ON SPEED PRODUCTION

Orizaba, Mexico, Sept. 12.—The day after the new workmen's compensation law became effective in Orizaba it provides full pay while 11,500 employees reported on the sick list. The day before only six were ill.

FRENCH DOUBT SINCERITY OF GERMAN OFFER

Wait to See if Rapprochement Rumors Are Only To Test French

WANT RUHR SETTLED

Stresemann's Address to German Editors Arousing Deep Interest

Paris, Sept. 12.—Having informed Berlin that negotiations cannot be opened in the reparations deadlock while Germany's policy remains one of resistance the French government is waiting to see whether the rapprochement rumors emanating from Berlin are only balloons sent up to attract a full expression of French opinion or whether Germany is ready to discuss a settlement that will satisfy France.

Acting on instruction from Premier Poincare the French ambassador has informed Chancellor Stresemann that France adheres to her determination that abandonment of passive resistance is the first condition to open direct negotiations.

AWAIT ADDRESS

Berlin, Sept. 12.—Chancellor Stresemann's address to the German editors, was awaited with interest today in view of the government admission that informal "reconciling" conversations on reparations are in progress between "all the powers," including France and the announcement that he might throw further light on Germany's position with regard to the Ruhr.

The newspaper concludes that a change in the situation is about to take place, the nationalist press being of the opinion that this will be nothing short of capitulation.

The government itself is apparently determined to get the Ruhr valley in working order once more in as much as the industrial will be needed in the negotiations that lead to the settlement of the reparations' deadlock.

QUIET IN DRESDEN

Berlin, Sept. 12.—Quiet has been restored in Dresden where a demonstration of police yesterday caused the merchant fire on a crowd outside the city hall, it was officially announced today.

No one was killed in yesterday's outbreak, the official report states, but 13 rioters were wounded.

SEES BISMARCK AS THRIVING WESTERN CITY

Journal-Gazette Comments Upon Impressions of City As Shown by Tribune Jubilee Edition

"Bismarck is a thriving city, the citizens being full of the 'pep' and vigor for which the west and north-west are noted," says an article in The Daily Journal-Gazette of Watton, Ill., Sept. 9, in commenting upon the Jubilee Edition of the Bismarck Tribune.

Other remarks of interest in the paper follow:

"Through the courtesy of Dr. B. H. Hardinger, The Journal-Gazette is in receipt of a copy of the Golden Jubilee edition of the Bismarck Tribune, N. D., containing of 16 pages and a book paper with views of this thriving city's institutions."

"Notable among the features are illustrations showing new railroad depots, the Tribune plant and buildings in detail, three hotels, a group of church buildings, views of the town, the river and bridge, spanning it, bank buildings, federal building, public library, and most important of all an up-to-date and modern city-owned auditorium."

Mrs. H. B. Hardinger of Mattan, who visited with her sister, Mrs. O. W. Roberts of Bismarck, recently sent the copy of the paper to the editor of The Gazette. Dr. and Mrs. Hardinger have a number of friends in Bismarck as a result of their visits to the city.

STATE FILMS TO BE SHOWN AT OHIO CAMP

Several of the films of the State Immigration department are to be shipped to Camp Perry, Ohio, where they will be shown to those men who are attending the encampment there. These pictures all deal with North Dakota, its resources and its industries and bear such titles as: "Farming Near Devils Lake," "Community Life," and "The Washburn Lighted Mine." These films are being sent to Camp Perry at the request of Adjutant General A. G. Fraser who plans to exhibit them to the men at camp.

NEW ZEALAND HAS LESS THAN ONE-HALF OF ONE PER CENT ALIEN POPULATION

London, Sept. 12.—A huge bolt of lightning, about 30 feet wide and four miles long, has been found at Hopkirk, near the West Bank, in South Africa.

The bolt is already being exploited by two farmers who own part of the land through which it runs. It is said to be of almost pure manganese, and is one of the most important mineral finds recorded in the Dark Continent.

HEADS G. A. R.

Gaylor Miller Saltgaber, of Van Wert, O., former U. S. commissioner of pensions was elected to the office of national commander of the G. A. R. at its annual reunion at Milwaukee, Wis., last week.

NEGROES FLEE FROM INDIANA CITY, REPORT

Results from Threatening Letter Sent One Member of Colony

South Bend, Ind., Sept. 12.—Quiet prevailed in the negro section following a night of excitement which was marked by the exodus of between 1,000 and 1,500 negroes from the city, according to police report. Extra details of police who patrolled the city last night reported no untoward incidents occurred.

The commotion among the negroes followed the receipt of a letter by one of them which is said to have warned the negroes of an outbreak against them brewing.

Officials expressed the opinion that the letter which was unsigned was the work of a crank.

BATTLESHIP HITS STEAMER IN PACIFIC

Accident Occurs Near Scene of Wrecking of 7 Destroyers at Point Arguello

San Pedro, Sept. 12.—The Battleship Texas, bound for San Francisco from San Pedro, collided with the Steamer Steel Seafarer, 14 miles north of Point Arguello early today according to word reaching here. The collision occurred near where seven destroyers went on the rocks Saturday.

The Steel Seafarer is a vessel of 2,400 net tons. Reports reaching here declare the merchant ship had a large hole in the bow above the water line but is in no immediate danger.

The Texas was steaming south with the battleships Maryland, Oklahoma, Arizona, New Mexico and Pennsylvania. The Armada was traveling in column formation and was proceeding cautiously through a dense fog.

Messages received here indicated the Steel Seafarer will proceed under her own steam to San Francisco. The Texas is apparently undamaged.

SUSPECT OWNS TO 7 WIVES

Henry Roshon Confesses After Authorities Ready To Free Him

Los Angeles, Sept. 12.—Authorities here today received replies to telegrams they sent yesterday inquiring into the alleged matrimonial experiences of Henry Roshon, who was arrested here last Friday under the name of A. E. Woods and suspected for a time of being Dr. H. V. Allen, wanted in Seattle in connection with the death in 1916 of Anna Danielson of Minneapolis.

Investigations had failed to connect him with the Seattle case and authorities were about to release him when they decided to give him one more "thorough grilling." To their astonishment they said, he confessed that he had been married seven times, declared all seven women were still living but admitted six of the alleged ceremonies were illegal.

GRANTS BALDWIN MAN DIVORCE

T. A. Gallagher of Baldwin in a suit for divorce from Mrs. Amelia C. Gallagher on charges of desertion was given a decree of divorce yesterday by Judge Fred Anderson in a hearing in the district court which lasted for two days. The Gallaghers had been married for thirty years. Mrs. Gallagher is a counter-claimant charged Mr. Gallagher with cruelty.

URGENT VACCINATION

Devils Lake, Sept. 12.—Schools throughout the state are urged by parents of school children to take precaution of vaccination. This is a result of the report of the U. S. Public Health Service, based on its report of small pox statistics issued June 22, 1923.

DEATH TOLL IN TOKIO REACHES 150,000 TODAY

(By the Associated Press.) Tokyo, Sept. 12.—Deaths from the earthquake, fire and tidal waves around Tokyo were estimated today at 150,000. Groups of 100 and more bodies have been found in various spots.

The government informed the American embassy that the relief personnel would be welcomed. American marines have landed and are directing a bakery and restaurant repair shop at the American embassy.

His duty on building material imports has been repealed. Accidental earthquakes have fallen in number to 20 a day.

GRANTS BALDWIN MAN DIVORCE

T. A. Gallagher of Baldwin in a suit for divorce from Mrs. Amelia C. Gallagher on charges of desertion was given a decree of divorce yesterday by Judge Fred Anderson in a hearing in the district court which lasted for two days. SNOW FLURRY IN DULUTH.
Duluth, Sept. 12.—A brief snow flurry visited Duluth today. The temperature according to the local U. S. weather bureau was 45 degrees above zero. It was the earliest trace of snow recorded in Duluth in the history of the local weather bureau which dates back to 1871.

MERCURY DESCENDS.
Minot, Sept. 12.—The mercury descended to 26 degrees in Minot last night accompanying heavy frosts which are reported to have caused slight damage to garden stuff.

Washington, Sept. 12.—Frost and temperatures approaching the freezing point in northwestern Minnesota, North Dakota, Montana and northern Wyoming and in Alberta were attributed today by the weather bureau to a vast area of high pressure over the northwestern states.

Fargo, Sept. 12.—Killing frosts last night were reported at Williston and Devils Lake, the only two North Dakota points reporting such a heavy frost. The mercury went down to 28 degrees at Williston and 30 at Devils Lake. The forecast for Fargo says frost tonight.

Chicago, Sept. 12.—Heavy to killing frost in Montana, North Dakota and Northern Wyoming were reported to the district weather bureau today, while grain market reports told of a light frost as far south as De Kalb, Ill.

Drops in temperature have occurred over the upper Mississippi as the cool high pressure area in the far northwest became more extensive with the freezing temperatures in the Canadian northwest and the frontier section to the south, according to the weather bureau.

TWO YOUTHFUL VAGRANTS IN JAMESTOWN

Youngsters, Following, Their
Parents by Foot, Lose
Their Way

Jamestown, N. D., Sept. 12.—County authorities here are seeking for the parents of North Dakota's youngest vagrants.

The pair, who wrote their names, at the request of Judge Coffey of the district juvenile court, as Dave and Milton Ryckman, 11 and 8 years old, were brought to Jamestown Sunday by Windsor residents.

Tattered and dirty they told of making their way alone for more than a fortnight, sleeping in straw piles and begging their food from farmhouses or foraging in wayside gardens.

Their father and mother, the lady declared, with five other children, had been driving toward Dickinson in a wagon.

The pair had started to make the trip on foot, walking behind the team. Tired and footsore they had stopped to rest beside the road and had lost sight of the rest of the family, they said.

The children have been placed in charge of Sheriff Ross while authorities attempt to find their parents.

Wall of Elevator Gives Way; 1,000 Bu. Flax Lost

Wahpeton, N. D., Sept. 12.—About 1,000 bushels of flax were scattered for 60 feet in front of the elevator owned and operated by the Baldwin Flour Mills here Saturday when the side wall gave way.

Ira G. Moats, manager of the elevator, narrowly escaped injury by jumping to one side when he heard the cracking and managed to get out of the way of the wall as it came out, but was hit deep in the back and pushed against the driveway railing.

A strip of wall about 10 feet high was forced out.

The elevator is an old one, built more than 20 years ago.

Prayers are held every morning in a mine shaft near Duquoin, Ill.

MRS. WHEELER DOMINATED MUSICAL LIFE IN NORTHWEST FOR 31 YEARS; GREATLY ADMIRER BY SCHUMANN HEINK

Leader in Musical Affairs in
North Dakota Dies in Man-
dan Home

FAMOUS AS TEACHER

Took Prominent Part in
National Organizations to
Promote Music

Mrs. Emma Greenwood Wheeler, teacher of music in Bismarck and Mandan for the past thirty-one years, who died at her home in Mandan early yesterday morning as a result of a general breakdown coming after her trip to the International Music Congress held in Copenhagen, Denmark, will probably be buried in Mandan according to members of her family. Final funeral arrangements are not completed however, as her immediate family are awaiting the arrival of a brother, Edward Greenwood from Oxford Junction, Iowa.

Mrs. Wheeler, who for the past four years has been president of the Northern Lights district of the American Federation of Music Clubs has lived in Mandan for the past thirty-one years and who had been instructing Bismarck and Mandan students of the piano for that time, continued her music classes until shortly before Christmas when she was unable to continue them.

Mrs. Wheeler was born in Rossville, Iowa, September 3, 1857, receiving her early musical education there and later going to Dubuque, Iowa, where she took work along musical lines. It was in Dubuque that she married W. A. Wheeler, coming to Mandan directly after her marriage.

COOLIDGE WILL SEE COMMITTEE OF BANKERS

Rep. Young Says Wheat Sit-
uation Warrants Extra
Session of Congress

Washington, Sept. 12.—Representative Young, Republican, North Dakota, arranged today for President Coolidge to see a committee of bankers from the ninth Federal Reserve district next week to discuss the wheat crop situation.

Mr. Young said that the committee would favor reviving the U. S. Grain Corporation to take over and handle the entire wheat crop.

Bankers of the ninth district, Mr. Young added, believe the wheat situation is of sufficient gravity to warrant an early extra session of Congress since legislative action would be necessary to revive the grain corporation. He said it was not the idea that the corporation should fix prices but should handle the crop with a view to stabilizing the market and preventing speculation.

Mr. Young said that the committee would favor reviving the U. S. Grain Corporation to take over and handle the entire wheat crop.

PRICE FIXING BY GOVERNMENT IS FAILURE

Aaron Sapiro Tells Fargo
Business Men That Courts
Are Not Help

CITES EXAMPLES

Says Industrial Unity Is Only
Way to Bring Prosperity
To Nation

Fargo, Sept. 12.—Price fixing or any other form of government interference in solving an economic problem is a court failure, Aaron Sapiro, national authority on cooperative marketing told Fargo business men at the noon meeting of the Rotary here today.

To support his contention he cited a recent experience of the California Raisin Growers association in price fixing when with raisins selling at 22c a pound the directors of the association attempted to guarantee a price to the grower. Stagnation came to the industry and the market price fell below the contract price with the result that the association found itself facing a \$2,000,000 deficit and no means to abrogate the contract.

"Until you have industrial unity you cannot have real prosperity," Mr. Sapiro said. "As long as there is a division of interest you are going to have political unrest. Until there is a decent standard of living for the farmers of this section your economic situation will continue in turmoil and you will have farmers demanding price fixing asking for help from the public purse, and every other kind of action upon a percentage of grain rather than have merchants buy them, selling them as consumption demand."

Mr. Sapiro briefly reviewed what he termed the fundamental defects in the present system of marketing potatoes, pointing out that growers dump their products on the market and upon a percentage of grain rather than have merchants buy them, selling them as consumption demand."

TWO KILLED 4 INJURED IN AUTO WRECK

Northern Pacific Train Hits
Car Near Big Lake, Near
St. Cloud, Minnesota

FROM WINNIPEG

Trainmen Rush Injured to St.
Cloud For Medical Treat-
ment

TWO KILLED
St. Cloud, Sept. 12.—Two women were instantly killed and four other persons were injured, one probably fatally when the auto they were riding in was struck by a west bound N. P. passenger train near Big Lake.

Those instantly killed: Mrs. Alex Boal and Mrs. Siguron, both of Winnipeg.

Three fatally injured: St. Cloud, Sept. 12.—Two persons were instantly killed and 4 others injured, three probably mortally when the automobile they were riding in was struck by a N. P. Passenger train two miles east of Big Lake here today.

All occupants of the automobile were from Winnipeg and were enroute home from a visit in Minneapolis when the accident occurred.

Those killed: Mrs. Arthur Boal and her daughter, and Matthew Jallin, also of Winnipeg.

The injured: Arthur Boal, another daughter, and Matthew Jallin, also of Winnipeg.

According to trainmen, the passenger which was the local draw to St. Cloud at 11:40 was traveling at its usual speed when it struck the auto and threw it 50 feet from the right of way, demolishing it.

The crossing is at an open stretch of country. Trainmen brought the injured to St. Cloud aboard the train and they were hurried to a hospital where it was said that all but the young son would not recover.

MRS. MOE KILLED
Fargo, Sept. 12.—Mrs. Elmer M. Moe, of Great Falls, Mont. was killed almost instantly and her husband, a newspaper man, suffered injuries about the head when their automobile was struck by a Northern Pacific passenger train at Wheatland today, according to word received here.

The ten months old Moe baby was thrown from the machine by Mrs. Moe before the crash and landed on the depot platform badly bruised.

The Moe family was enroute to Great Falls from Hayward, Minn., where they visited Mrs. Moe's parents.

**Horseshoes Found
In Grain Stacks**

Buffalo, N. D., Sept. 12.—Local authorities are searching for persons believed to have "planted" grain shocks near here with horseshoes.

Sam Francis and Charles Puntun, farmers of near here, have several times found shoes in the shocks being brought to the threshing rig and twice the irons were uncaught and went into the threshing, running two convalesces each time.

The men said they had no idea who would be responsible for the acts. If proven guilty of sabotage the perpetrators are subject to severe punishment.

**COMPENSATION IS HARD
ON SPEED PRODUCTION**

Orizaba, Mexico, Sept. 12.—The day after the new workmen's compensation law became effective in Orizaba—it provides full pay while ill—500 employees reported on the sick list. The day before only six were ill.

FRENCH DOUBT SINCERITY OF GERMAN OFFER

Wait to See If Rapproche-
ment Rumors Are Only
To Test French

WANT RUHR SETTLED

Stresemann's Address to Ger-
man Editors Arousing
Deep Interest

Paris, Sept. 12.—Having informed Berlin that negotiations cannot be opened in the reparations deadlock while Germany's policy remains one of resistance the French government is waiting to see whether the rapprochement rumors emanating from Berlin are only balloons sent up to attract a full expression of French opinion or whether Germany is ready to discuss a settlement that will satisfy France.

Acting on instruction from Premier Poincare the French ambassador has informed Chancellor Stresemann that France adheres to her determination that abandonment of passive resistance is the first condition to open direct negotiations.

AWAIT ADDRESS
Berlin, Sept. 12.—Chancellor Stresemann's address to the German editors, was awaited with interest today in view of the government's admission that informal "reconciling" conversations on reparations are in progress between "all the powers," including France and the announcement that he might throw further light on Germany's position with regard to the Ruhr.

The newspaper concedes that a change in the situation is about to take place, the nationalist press being of the opinion that this will be nothing short of capitulation.

The government itself is apparently determined to get the Ruhr valley in working order once more in as much as the industries will be needed in the negotiations that lead to the settlement of the reparations' deadlock.

QUIET IN DRESDEN
Berlin, Sept. 12.—Quiet has been restored in Dresden where a demonstration of unemployed yesterday caused the police to fire on a crowd outside the city hall, it was officially announced today.

No one was killed in yesterday's outbreak, the official report states, but 13 rioters were wounded.

**SEES BISMARCK
AS THRIVING
WESTERN CITY**

Journal-Gazette Comments
Upon Impressions of City
As Shown by Tribune
Jubilee Edition

"Bismarck is a thriving city, the citizens being full of the 'pep' and vigor for which the west and northwest are noted," says an article in "The Daily Journal-Gazette" of Matton, Ill., of Sept. 7, in commenting upon the Jubilee Edition of the Bismarck Tribune.

Other remarks of interest in the paper follow:

"Through the courtesy of Dr. B. H. Hardinger, The Journal-Gazette is in receipt of a copy of the Golden Jubilee edition of the Bismarck, N. D. Tribune, consisting of 16 pages and an eight-page magazine section on book page with views of this thriving city's institutions.

Notable among the features are illustrations showing new railroad depots, the Tribune plant and buildings in detail, three hotels, a group of church buildings, views of Missouri river and bridge spanning its bank buildings, federal building, public library, and most important of all an up-to-date and modern city-owned auditorium."

Mrs. H. B. Hardinger of Matton, who visited with her sister, Mrs. O. W. Roberts of Bismarck, recently sent the copy of the paper to the editor of the Gazette. Dr. and Mrs. Hardinger have a number of friends in Bismarck as a result of their visits to the city.

**STATE FILMS
TO BE SHOWN
AT OHIO CAMP**

Several of the films of the State Immigration department are to be shipped to Camp Perry, Ohio, where they will be shown to those men who are attending the encampment there. These pictures all deal with North Dakota, its resources and its industries and bear such titles as "Farming Near Devils Lake," "Community Life," and "The Washburn Lignite Mine." These films are being sent to Camp Perry at the request of Adjutant General A. G. Fraser who plans to exhibit them to the men at camp.

New Zealand has less than one-half of one per cent alien population.

NEGROES FLEE FROM INDIANA CITY, REPORT

Results from Threatening
Letter Sent One Member
of Colony

South Bend, Ind., Sept. 12.—Quiet prevailed in the negro section following a night of excitement which was marked by the exodus of between 1,000 and 1,500 negroes from the city, according to police report. Extra details of police who patrolled the city last night, reported no untoward incidents occurred.

The commotion among the negroes followed the receipt of a letter by one of them which is said to have warned the negroes of an outbreak against them brewing.

Officials expressed the opinion that the letter which was unsigned was the work of a crank.

BATTLESHIP HITS STEAMER IN PACIFIC

Accident Occurs Near Scene
of Wrecking of 7 Destroy-
ers at Point Arguello

San Pedro, Sept. 12.—The Battleship Texas bound from San Francisco to San Pedro collided with the Steamer Steel Seafarer, 14 miles north of Point Arguello early today according to word reaching here. The collision occurred near where seven destroyers went on the rocks Saturday.

The Steel Seafarer is a vessel of 2,400 net tons. Reports reaching here declare the merchant ship had a large hole in the bottom above the water line but is in no immediate danger.

The Texas was steaming about with the battleships Maryland, Oklahoma, Arizona, New Mexico and Pennsylvania. The Armada was traveling in column formation and was proceeding cautiously through the water line.

Messages received here indicated the Steel Seafarer will proceed under her own steam to San Francisco. The Texas is apparently undamaged.

**SUSPECT OWNS
TO 7 WIVES**

Henry Roshon Confesses Af-
ter Authorities Ready
To Free Him

Los Angeles, Sept. 12.—Authorities here today received replies to telegrams they sent yesterday inquiring into the alleged matrimonial experiences of Henry Roshon, who was arrested here last Friday under the name of A. E. Woods and suspected for a time of being Dr. H. V. Allen, wanted in Seattle in connection with the death in 1916 of Anna Danielson of Minneapolis.

Investigations had failed to connect him with the Seattle case and authorities were about to release him when they decided to give him more "thorough grilling." To their astonishment they said, he confessed that he had been married seven times, declared all seven women were still living but admitted six of the alleged ceremonies were illegal.

**MANGANESE FOUND
IN SOUTH AFRICA**

London, Sept. 12.—A huge belt of manganese, about 30 feet wide and four miles long, has been found at Hekpoort, near the West Rand, in South Africa.

The belt is already being exploited by two farmers who own part of the land through which it runs. It is said to be of almost pure manganese, and is one of the most important mineral finds recorded in the Dark Continent.

KIWANIS TALK BOYS WELFARE

Hear Talks by Boy Welfare Workers and by Boys at Luncheon

SCOUTS TALK

Activities of Boys at Fort Snelling Told by Geo. Knowles

The Kiwanis club luncheon held yesterday noon took the form of a boy's welfare meeting, with Mr. George H. Russ, Jr., presiding, and talks by various boy workers and by two local boys.

Mr. J. J. McLeod gave a talk telling of his work with the boys of Bismarck, particularly along the athletic line and upon his association with the Boy Scouts.

Arthur Nathan gave a talk on the Eagle Scouts explaining how and why the Eagle Scouts were organized. He also touched upon his recent trip through Yellowstone Park with a party of Eagle Scouts.

George Knowles gave an interesting talk on the activities of the boys who attended the recent civilian summer camp at Fort Snelling.

Mr. W. F. McCallum of the state training school at Mandan talked upon boys welfare work, discussing the various lines of work which are best suited for use.

At this luncheon it was announced that Mr. Ed Cox had won the tennis cup offered by the club.

CITY OFFICERS BACK AT WORK

Claim Governor Preus Has No Legal Authority in Matter

Evleth, Minn., Sept. 11.—Although suspended indefinitely in an order issued yesterday by Gov. J. A. O. Preus, Mayor Victor Effling and City Clerk A. E. Buskirk who are charged with misconduct in office today were back at their desks in the city hall.

The suspended officials claim the governor has no legal authority in the matter.

It is understood that the order for removal was brought about following charges made in connection with the report of the state public examiner in which general misconduct in the office of the mayor and city clerk were alleged.

Farmers to Meet In Fargo Sept. 18

Moorhead, Minn., Sept. 11.—The Farmers Federation of America will hold a meeting in Fargo, Sept. 18 to consider a just and equitable system of pricing farm products, especially grain and livestock, according to an announcement here today.

The announcement followed a mass meeting last night at which a resolution calling for the meeting was adopted.

Invitations will also be sent to U. S. senators and representatives, the resolution states to express themselves on such remedies as they preferred.

SIX KILLED

Berlin, Sept. 11.—Six persons were killed and ten others wounded when the police fired on unemployed demonstrators outside the city hall in Dresden today.

ON THE JOB

President Coolidge and his secretary, C. Bascom Slemph, photographed in the executive offices after Slemph had taken up his new duties.

NAVY GIANT CONTINUES IN FINE SHAPE

Dirigible Runs Perfectly After Three Hours in The Air

New York, Sept. 11.—After three hours in the air the Z.R. 1, the navy's new giant dirigible was working perfectly this morning as she prepared for an introductory visit to New York.

Radio reports received at Lakehurst, N. J., from Commander McCrary on the ship said that the engines and valves were behaving with precision and that the big ship would be able to maintain her planned schedule.

N. Y. ON TIP TOE

New York, Sept. 11.—The giant airship Z. R. 1 today flew up from her hangar at Lakehurst, N. J., to visit New York. And New York was on its toes to greet her. Visible for miles the Woolworth tower was crowded with spectators. In the streets thousands could be seen craning their necks as they gazed upward.

The giant airship returned to Manhattan after a voyage of half an hour over the city.

VISITS PHILADELPHIA

Philadelphia, Sept. 11.—The Z. R. 1 paid a visit to Philadelphia this afternoon, entering the city at the northeastern limits and sailing down over the Delaware river toward the center of the city.

Ward County Red Cross Donates

Minot, Sept. 11.—The Ward county chapter of the American Red Cross donated \$2,000 to relief work that is now being carried on by the organization in the earthquake and fire-stricken areas of Japan.

MISS PALMER TALKS TO LIONS CLUB

Emphasizes Points of Interest Throughout North Dakota

SHOWS PHOTOS

Urges a Greater Appreciation of Beauties of The State

At a dinner given by the Lions Club last evening Miss Bertha Palmer of the Department of Public Instruction gave an enjoyable talk on "The Monuments of North Dakota." The speaker, who was introduced by Thomas Hall, enumerated the various monuments throughout the state and presented a number of photographs illustrating the subject. Miss Palmer emphasized the large number of points of interest in North Dakota and urged a greater appreciation of the beauties of the state. Miss Palmer has devoted a great deal of time to the study of the various monuments in the state and has compiled a large volume of unusually interesting material.

Twin City Man Falls Dead on Down Town Street

Minneapolis, Sept. 11.—W. L. Harris, president of the New England Furniture-Carpet company, and one of the northwest's best known merchants fell dead on a downtown street today.

Mr. Harris for the past 32 years has been head of the New England company which he established. He was chairman of the executive committee of the Minnesota retail-furniture dealers association. He also was president of a real estate company. A widow, son, and daughter survive.

Indiana Auditor Hangs Himself

Franklin, Ind., Sept. 11.—Wm. G. Oliver, 50 years old, former auditor of the state, ended his life by hanging at his farm home near here today. Mr. Oliver was elected auditor by the Indiana Republicans in 1920 and was defeated for reelection in 1922. Friends attribute his suicide to ill health.

Burglars Enter Matawan Bank

New Richmond, Minn., Sept. 11.—Burglars entered the Matawan Citizens State bank early today and escaped with \$200 in cash and \$2,000 in non-negotiable securities.

BUREAU HEAD

Walter G. Campbell has been selected to be director of regulatory work, Department of Agriculture. He is a native of Kentucky and has served as acting chief Bureau of Chemistry.

REV. ERREN, PRIEST, DIES

Pastor of St. Joseph Church in Minneapolis 19 Years

Minneapolis, Sept. 11.—Rev. Othir Erren, 65, for 19 years pastor of St. Joseph Catholic church here died today. Father Erren was educated at St. John's college, Collegeville, Minn., graduating in 1897 and being ordained that year. After eight years in serving various parishes in North Dakota he took charge in 1898 of St. Boniface parish at Hastings.

STAR GOLFERS ARRIVING

To Contest Championship at Chicago Country Club Beginning Saturday

Chicago, Sept. 11.—Star golfers today began arriving for the National Amateur championship which will be contested at the Flossmoor country club beginning Saturday with 35 holes at middle play. The entries have already reached 185 and the number that will set off for the qualifying round is expected to run well above 200.

The defending title holder is Jess Sweetser of New York. Bobby Jones of Atlanta and Chick Evans, Bob Gardner and Dave Herzon, three local former champions are entered.

MRS. WHEELER PIONEER MUSIC TEACHER, DIES

Succumbs to Effects of General Breakdown After Long Illness

Mandan, Sept. 11.—Mrs. Emma S. Wheeler, 66, president of the Northern Lights district, Minnesota, North and South Dakota, and for years one of the most prominent workers in music circles died here at her home this morning at 2:30 o'clock after a long illness due to a complication of causes.

Mrs. Wheeler, well known in both Bismarck and Mandan where she conducted classes in music, was president of the American Federation of Music clubs. During her years of residence in Mandan she has always been a leader in music circles. She suffered a general breakdown following her attendance upon the international music congress in Europe several years ago. "This was complicated and made more serious by the contracting of influenza, last February and the development of nephritis and heart trouble which had troubled her previously."

The deceased was born in Roseville, Ia., Sept. 3, 1857, lived in Dubuque, Ia., where she received her musical education, later moved to Boone, Neb., where she met Mr. Wm. A. Wheeler whom she married in 1897. She came with him to Mandan 31 years ago. During the 31 years of her residence she has been engaged in teaching music, having piano classes in Bismarck and Mandan until about a year ago.

Funeral arrangements have not yet been concluded. They will be arranged upon the arrival of her brother who is expected to arrive soon.

ITALY ANNEXES FIUME, REPORT

Paris, Sept. 11.—It is understood from information in reliable sources that Premier Mussolini will proclaim the annexation of Fiume to Italy in a week, about Sept. 15. The government of Jugo-Slavia is represented as being aware of Mussolini's intentions and is intending to make no serious protest provided that Fiume and Sastak adjacent are not directly affected.

Will Finish Threshing Soon

Minot, Sept. 11.—With favorable weather prevailing threshing in Ward county will be completed within the next ten days. John Husby declared today. Threshing operations are progressing rapidly at present.

Harvesting of corn for fodder has been begun.

Few Photographs Of Sun's Eclipse Are Successful

Santa Barbara, Sept. 11.—The only successful photographs of the coronae made in southern California during the eclipse of the sun yesterday are believed to be those made by Prof. James Worthington of London and Dr. Alfred B. Burton, Professor emeritus of astronomy in the Massachusetts School of Technology. Prof. Worthington stated last night that four of the negatives developed by him were almost perfect and would take ranks with the best ever made during a solar eclipse.

Refugees Confirm Disaster Reports

London, Sept. 11.—Refugees from Japan brought to Shanghai by the Empress of Canada confirm reports that foreign victims of the disaster were robbed and murdered, says a Shanghai dispatch to the Morning Post.

All the survivors and many who were taken to hospitals told stories of their experiences. Many are penniless and without clothes while several demented patients are being cared for.

Hand Tailoring

Our expert cutter is here to serve you and give you personal service in the making of your clothes. Does the tape measure man offer you such service?

S. E. BERGESON & SON
Tailoring. Clothing.

Back Wash

THE business of refining petroleum has many hazards—not the least of which accrues from the necessity of balancing the supply with the demand.

The Standard Oil Company (Indiana) always has kept itself in a position to supply the demand of its customers for petroleum products, no matter how great or abnormal the demand might be.

During the winter months, the Standard Oil Company (Indiana) refined and stored large quantities of gasoline in anticipation of the busy summer season. Other refiners in the Middle West pursued the same course.

In previous years the midcontinent refiners have found a ready market for their surplus product on the Atlantic seaboard.

This year the heavy, unprecedented and unlooked-for California production upset calculations. Enormous quantities of California crude petroleum and California gasoline were shipped to the Eastern seaboard by boat flooding the market and cutting off one of the principal outlets of the midcontinent refiners.

The result was a back wash of distress gasoline in the Middle West which had to be sold.

It was this distress gasoline that the Governor of South Dakota was able to purchase at less than the present day cost of manufacture and distribution. By selling it without profit, and without any expense for distribution, he was enabled to announce a drastic, temporary reduction from the then existing selling price.

The Standard Oil Company (Indiana) while protesting that it was below the cost of production, refining and distribution plus a reasonable profit met this price because it is the established principle of the Standard Oil Company (Indiana) that its customers shall be able to buy its products as cheaply as they can buy similar products from any competitors.

The success achieved by the Standard Oil Company (Indiana) is due in larger measure to the fact that at all times it has held paramount the welfare of its customers whose respect and esteem it has won and intends to hold.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

EMMA G. WHEELER

North Dakota sustains a real loss in the death of Emma G. Wheeler of Mandan. Her services in promoting the cause of music in this state were outstanding and distinctive. Her methods were most effective and students throughout the state and even in other states grieve today the passing of a great teacher and a fine personality.

Thoroughness was her keynote. She put the best she had into her daily task and students fortunate enough to come under her tutelage secured a grounding in music that served them well in their later careers.

Prominent in musical circles in the east before coming to this state, Emma G. Wheeler took an active part in the national organizations. Study abroad upon several occasions broadened her outlook and improved her method of teaching so that she brought to her profession real talent found too seldom in the west.

A wonderful ambition, earnestness and zeal for her profession forced her to efforts beyond her vitality, but so great was her enthusiasm for music that she persisted in teaching until her vitality was completely undermined.

An affliction of the arm in recent years prevented her from displaying in public her remarkable talent as a pianist. Those who had the pleasure of hearing her, know that she was a real artist in the execution of the instrument which she taught so well. Nothing but accuracy was tolerated by her. She had the persistency of the old school in her methods and the fact that she had started many boys and girls upon brilliant careers attested her great success as a teacher.

This locality suffers a loss and the impression she made upon the musical and social life of Bismarck and Mandan form a great tribute to a most interesting personality.

WHEN YOU DIE

At some unknown date in the future, your heart will stop beating. What then? Death, of course. But what is death? Read the strange case of eight-year-old Jack Leaney, of Stratford, Canada.

He was ill, in agony. At 10 o'clock at night, his heart fluttered and ceased beating. Physicians applied every test known to science. "It's all over," they announced gravely. "The lad is dead."

But shortly after midnight, two hours later, his heart began beating again. He breathed. Life was miraculously restored, though only for three hours. At 5 in the morning, he died for the second time. This death was final. Jack Leaney is buried, gone into the hereafter.

Medical journals soon will be discussing this.

It is possible to bring a man "back to life" after the heart has stopped beating, by injecting adrenalin, most powerful of heart stimulants. But only under certain conditions, usually when the sick man expires from the anesthetic during an operation. Even then, according to medical text, adrenalin must be injected within a few minutes after the heart stops beating.

The Jack Leaney case is one of the greatest mysteries in medical history. The doctors, of course, finally will decide that the lad's first "death" was really a condition of suspended animation, form of trance. But isn't "suspended animation" a good description of his second death—of all deaths?

You see a man driving an auto. It runs along smoothly. Then it goes dead, stops. A little tinkering . . . a broken-down part replaced with a new one. . . and the auto runs again. If the collapse of the mechanism is too emphatic, the owner buys a new car.

Our bodies are the autos driven by our spirits. The auto wears out. The driver gets a new car.

CHANCE FOR INVENTORS

The wind blowing a gale, picks up a kite and also lifts Vita Cicio, the lad clinging to the end of the kite string. Vita is yanked from the roof of a three-story building in Brooklyn, N. Y. The wind holds him struggling and yelling in the air for a moment, then gently lowers him to within a few feet of the pavement when he finishes his trip fast. Bruised, but alive.

In that wind is a force that some day will be harnessed to do a large part of our work. Watt got the idea of the steam engine by seeing steam lift the lid of a tea kettle—a demonstration puny compared with what happened to Vita Cicio. Here's your chance, inventors.

FUTURE TRAFFIC

Our railroads use 125 million new wooden ties each year, writes Colonel William B. Greeley, Uncle Sam's chief forester.

This is one of many cases why our forests are vanishing. Also, it is one of many items that will be saved when freight and passenger traffic will be in airplanes. No auto roads to pave and repair then. No railroad tracks to lay and keep in shape.

COAL SUBSTITUTES?

Theater managers say that mystery plays and comedies make the audiences' blood circulate fast, by stimulating the heart, which in turn makes the bodies of the watchers generate more heat. Some managers even claim that this increased heat radiates into the air sufficiently to raise the temperature of the theaters several degrees.

No one minds cold when excited. In a pinch, maybe we could see Nick Carter and the funny paper as coal substitutes.

MIGHT GET MORE

Charles Edward Ashburner, who was the first American city manager, becomes city manager of Stockton, Calif., at a salary of \$20,000 a year.

For taking charge of a property of similar value, a corporation would pay him at least five times as much.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

DIFFICULTIES OF AMERICAN TOURISTS

American tourists in France this summer are having no end of difficulties because they somehow believe that they bring the "color line" along with them. Like their trunks and thirst. As a matter of fact, they only brought themselves, and in many cases it happened that this meant they bring a sentiment or conviction that the white and black races, for the best interests of both, should not mingle socially. The "color line" remains behind them, the "color" feeling, naturally, comes along. The various scenes which result in the cafes of the Montmartre, and elsewhere, are most regrettable. The fact which the American tourists have not been able to appreciate is that the French custom is to accept the negro as an equal everywhere, that this is a part of the France they go to see, and that they have no more right to attempt to change France in this respect than in any other, save than to insist that all Frenchmen cease drinking wine when Americans are present.

The French ministry of foreign affairs has issued a sharp warning to "foreign tourists" that if matters do not mend, "punishment will be exacted," and the French press has hardly less pointedly expressed its dislike for Americans who do not like negroes. Some reputable papers have even gone so far as to call such offending Americans "metèques," which in France expresses what "wop" and "chink" do in America. Such frankness may be unpleasant for Americans, but it should be an efficient corrective. In Rome, do as the Romans do—or stay away.—St. Paul Dispatch.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

Mister Gallop, the cowboy kid, stood near his cave up in the mountains and looked over the plain below. He could see everything very clearly because he had his spy glasses.

Suddenly he turned to the Twins. "Take these glasses and look as hard as you can," he said, "and see if you notice anything. If you do, tell me quickly, for there's no time to be lost."

Nick took the glasses and looked in the direction Mister Gallop was pointing. "Why, yes, I see something," he said. "I see Ben Beaver and his brothers stacking some sticks across the creek."

And then, Nancy took a peek through the glasses, too. "And they're packing mud around the sticks," she declared. "And the water's being stopped. It's spreading all over everything."

"It will never do! Never!" exclaimed the fairman. "I'll have to put a stop to it at once for the first thing you know the creek will flood the whole country round about and fill up all the houses of the plains folk. Penny Prairie Dog and Johnnie Jack Rabbit and Brownie Burrow Owl and Prickley Porcupine and everybody like that. Come, Twins, we must go."

Nancy climbed up on Snow, and Nick jumped on Blackie, and Mister Gallop made one leap on to his cow pony, and away they all rode lickety split down the mountain and over the plain till they came to the spot where the beaver family was working.

There was Penny Prairie Dog, looking as sad as a funeral. And beside him were Mister and Misses Jack Rabbit and Johnnie, looking like three funerals, and all the rest of the plain folk, looking like a hundred funerals.

But Mister Ranch Man was there, too! That's what they call farmers out west. And Mister Ranch Man was saying:

"Good work, little beavers! My wheat and hay are so dry they won't grow. But if you make your dam they'll get lots of water! I'm ever so much obliged, for now my ditches will fill up to the top!"

"Come!" whispered Mister Gallop to the Twins. "We'll go away. The plains folk will have to make new houses for themselves, for Mister Ranch Man's dam is pleased with what Ben Beaver is doing. It's out duty to stand by him. Come away."

So Nancy and Nick and Mister Gallop went back to the mountains again.

(To Be Continued.)

Tom Sims Says

LETTER FROM LESLIE PRESCOTT TO THE GAY LITTLE MARQUISE, CARE OF THE SECRET DRAWER

DEAR LITTLE MARQUISE: You certainly have had your compensations. You never had a cantankerous old mother-in-law.

I didn't know until yesterday that Jack had been having any trouble with his mother. I supposed she liked me very much, for didn't she give me this beautiful desk and wasn't it through her that I made the acquaintance of this lovely old secret drawer and took to myself your proffer of confidential friendship?

I was literally broken-hearted when I received her letter. It seems there is an old maid in the town where she lives that she wanted her son to marry and she has never forgiven me for being young and good looking.

Sometimes I think, dear little Marquise, that people never should grow old and that is probably another compensating you had, for you did not live to very old. Old people are so hard to live with and they make such hard work of living. They never seem to think that you should have any other life but the life that they have planned for you.

Jack's mother prides herself on descent from the Mayflower, and if descent from Puritan stock means being narrow and selfish and bigoted and self-centered, then I am glad that came over in the steamerage with nothing but his splendid physique and big brain to depend on.

Jack has been awfully angry at his mother and, of course, she lays it all to me, although if she only knew it, it was I who kept him from going down to her house and reading the riot act to her. She is very angry over the baby, you see, particularly as Jack has insisted upon it being named after himself and, of course, John Alden is the ancestor upon whom she prides herself.

I'm sure if she could see dear little Jack she would know there never was any John Alden before him who was any sweeter than he.

I wanted Jack to let me go down to his mother and see if I couldn't make up with her, but he wouldn't let me. Said that all his life he had put up with her whims because he thought he ought to, but when it came to choosing between his wife and his mother, it was his wife every time. He remarked, "From now on I am going to run my own affairs in spite of all my distinguished ancestry."

I guess, dear little Marquise, that things even themselves up in this world. Perhaps you found that out, too. What you want away? To that other sphere. If you were not able to speak to the world of your lover and proudly proclaim yourself his wife, yet I got from your letter you never doubted his love. If you did not have a baby in your arms to love and cherish, you weren't harassed by an old mother-in-law and a disappointed old maid.

I am not very happy tonight, little Marquise, for Jack's mother is the only person I have ever known who didn't like your poor Leslie.

TOMORROW: Beatrice Grimshaw to Leslie—A wee bit jealous!

AUTO KILLS CHILD

Kenmare, N. D., Sept. 12.—The 8-year-old son of Conductor Scott of the Soo line, was killed here when he was struck by an auto which caused him to fall on the cement sidewalk and fracture his skull.

Northwest News

Northgate Ordered To Abandon Its Immigration Port

Northgate, N. D., Sept. 12.—Northgate has been ordered abandoned as an immigration port of entry, according to W. N. Wright, customs officer. Mr. Wright will remain here, acting as immigration watchman. Aliens wishing to enter the United States at Northgate will have to enter at Portal. Immigration Inspector Frank Russell has been ordered transferred to San Francisco.

Liberty Bond Thief Given 5 Year Sentence

Huron, S. D., Sept. 12.—Samuel Cobb, found guilty in circuit court here Saturday on a charge of stealing \$1,000 in liberty bonds from the office of L. A. Temney here and later attempting to dispose of them at a Mitchell bank representing himself as Temney, was sentenced to five years in the state prison at Sioux Falls at 10 o'clock Monday morning. Judge Alva E. Taylor, trial judge, passed sentence.

Creamery Business In LaMoure Growing

LaMoure, N. D., Sept. 12.—Cream sold to the cream stations of LaMoure during June and July of this year totaled 85,007 pounds, as compared with 50,208 pounds for the same months in 1922, or an increase of 70 percent, a checkup of receipts shows.

Figured in money, the amount received for the cream was \$30,098.95 this year, as compared with \$16,117.76 for 1922, an increase of \$13,981.19, or 86 percent.

The higher percentage of increase shown by the price comparison is stated to be due to the new system of cream grading, giving the patrons higher prices for high grade cream. Bankers and creamerymen say diversification is increasing steadily in LaMoure county.

Montana Elevators Will Store Grain

Helena, Mont., Sept. 12.—At least two of the line elevator concerns operating in Montana which were threatened with prosecution if they persisted in the refusal to accept grain for storage, have receded from their stand to the extent that they will receive storage grain at least pending the direction of the attorney general as to their applications for a change in license from that of public warehousemen to grain dealers.

Fire Damages Cafe Contents

Lisbon, N. D., Sept. 12.—Fire, believed due to an overheated stove or explosion of the stove, gutted the O. K. restaurant here and destroyed its contents before the flames could be checked. The flames were soon subdued after the arrival of the fire department.

Driver Scares Holdup Men Away

Luverne, N. D., Sept. 12.—When two men, after signalling him to stop, stepped on the running board of Ed Zutter's auto, Zutter stepped on the gas and made a show of resistance. The men then jumped off. Mr. Zutter said he was satisfied they planned to rob him and members of his family.

Bottineau Schools Open September 24

Social and Personal

Two Lower High School Classes Have Organized

With the organization of the two lower classes of the high school yesterday, high school life has settled down for the year. The juniors and seniors completed their organization within a few days of the opening of school.

Sophomore and Freshman class officers follow:

John Moses, president of the sophomore class; Lee Hughes, vice president; Jean MacLeod, secretary and treasurer; John Birdzell, president of the freshman class; Ray McGeehan, vice president; Melford Dreabach, secretary; Albert Watkins, treasurer; Francis Nussle, "Pop" editor.

Officers to run the "Pop" have already been elected and it is expected that the various clubs connected with the high school, The Senior Masque, the debate clubs, the Spanish club and a number of others will hold meetings for the election of officers in the next week or two.

GIVES BIRTHDAY PARTY.
Mrs. Edmond A. Hughes entertained at a birthday surprise party at her home Saturday evening in honor of her father, J. D. Wakeman. Covers were laid for forty guests at the birthday dinner which was served.

The dining room which was artistically decorated with flowers made an appropriate setting for the affair. On the dining room table a large cake surmounted with 38 candles occupied a place of honor. During the evening the honor guest was serenaded by Henry Halverson and Frank Gale.

MOTORING TO COAST.
Mrs. Grace Snyder, resident of Hazelton for many years, and a visitor in Bismarck for sometime past, and Miss Frances Dinger of Bax, left yesterday by automobile for California. Mrs. Snyder, wife of the late Dr. James Snyder of Hazelton, returned to North Dakota to look after property interests, about two years ago after spending some time on the coast. She will spend the winter at Pasadena. Miss Dinger will make her home in Long Beach.

COUNTRY CLUB TEA.
A good size crowd attended the bridge-tee given for members of the Country Club yesterday afternoon. This was the last tea of the season. The honors at bridge were won by Miss Catherine Goddard and Mrs. J. C. Taylor. Mrs. V. E. Smart and Mrs. K. Kjellstrup poured tea during the bridge. They were assisted by Mrs. F. A. Knowles, Mrs. P. C. Remington, and Mrs. Benton. Fall flowers were used to effect appropriate decorations about the club rooms for the occasion.

FAREWELL PARTY.
Edgar Scott was host at the home of his sister, Mrs. Henry Burman, 10 West Rosser street Monday evening to eight couples, the affair being complimentary to Terrance Hallgren, who is leaving this week for Providence, R. I., where he will be a student at Providence college this year. During the informal evening, music and dancing were diversion, and late in the evening, Mrs. Burman served light refreshments.

GIVES PICNIC SUPPER.
Miss Lucile Lahr entertained her friends at a picnic supper Monday evening, preparatory to her departure to Evanston, Ill., where she will continue her study of music at Northwestern university. Miss Lahr is specializing in piano and pipe organ. Mrs. Elva Lahr Whitson, under whom Miss Lahr received her preparatory musical training was a guest during the evening.

LEAVE FOR EAST.
Mrs. O. R. Barnes and daughter, Miss Ethel have returned to their home in the east. Miss Ethel will resume her work with the Federal Income Tax Department at Washington, D. C., while Mrs. Barnes will join Mr. Barnes at the home of their daughter, at Irwin, Pa., where they will spend the winter.

MOTOR TO WASHBURN.
Dr. and Mrs. F. R. Smyth motored to Washburn yesterday to attend the funeral of Theodore J. Haugeberg, pioneer merchant and banker of that city, who passed away Sunday.

MISS WRIGHT TO DEPART.
Miss Luneta Wright of Jamestown, who has been the guest of Miss Muriel Robinson for the past week will return to her home tomorrow.

DR. M. E. BOLTON.
Osteopathic Physician
119 1/2 4th St. Telephone 244

AT THE MOVIES

THE ELTINGE

Thomas Meighan entertains at the Eltinge theatre today and tomorrow, Wednesday and Thursday, in "Homeward Bound," taken from the Peter E. Kyne story, "The Light to the Lion." Lila Lee, who has appeared with Thomas Meighan in previous pictures has a prominent part in "Homeward Bound." A Field and Stream picture from the "Red and Gun" series, entitled "A Goose Chase on the Lower Mississippi" is timely entertainment on the same program at the Eltinge.

CAPITOL THEATRE

"Mad Love," the new Goldwyn picture starring the Polish screen beauty, Pola Negri, which comes to the Capitol theatre tonight for two days, is something far out of the beaten path in motion pictures. The star's role is that of a fascinating alien woman, denied of all men who see her. It is not a historical character, but a woman brimful of feminine appeal and the charms and graces that prove irresistible to mere man.

The story is an original one written especially to exploit Pola Negri's genius in picturing the hothouse type of alluring womanhood—a modern Cleopatra for there is something in Pola Negri herself, something of the dark beauty and the sensuous appeal of that ancient mistress of the Nile who was Mark Anthony's undoing. Then the character of Sappho, which the actress portrays in "Mad Love," carries the analogy several degrees further, for Sappho is of that sisterhood to which Cleopatra belonged by instinct, if not by name.

Burleigh Goes Over In Red Cross Drive For Relief Funds

The Burleigh county Red Cross in its drive for funds to aid in relief work for the victims of the Japanese earthquake has gone over the top. A total of \$500 has been raised by the city and county. A number of persons sent in their offerings to the Red Cross headquarters as a result of the appeals which appeared in the Tribune. No soliciting was done in this connection.

Red Cross officials in charge of the drive report that they are proud of the way in which the people responded in this worthy cause. They said it was a pleasure to work with the people of the city and county, for they could always be depended upon to respond.

The employees of the Grand Pacific hotel alone contributed \$19.50 to the relief fund today when the hat was passed by Henry Halverson for a volunteer collection.

A complete list of all the donors will be published in the Tribune within a few days, when all reports are in at headquarters.

(Continued from Page One.)

a mode of compensation for such services, lawfully bargain away an aliquot part of the public revenue which might be affected thereby.

Perplexing Problem

"The resolution in this case undoubtedly grew out of an attempt by the Commissioners to solve a problem that has vexed taxing officers for ages. The question how to collect the necessary revenue and at the same time place the burden fairly upon all, has baffled governments in all ages and at all times.

"The situation is such in many places that it is no wonder what Boards of County Commissioners will embrace almost any plan that promises a reasonably fair collection in proportion to the amount of property owned by the citizens of their respective counties.

"I have taken some time to examine the laws not only of this state but of other states as well, and find that contracts such as the one involved in this action have been before courts of different states, and in every case that I have been able to find they have been held invalid, and against public policy. The defendant in his brief does not cite a single case where such a resolution has been upheld.

Discusses Law

"The defendant in his brief cites Sec. 110, which section gives the Commissioners authority to contract with the Sheriff to collect delinquent personal taxes on a percentage basis. This law was passed when the Sheriff's office was a fee office, and applying only to collection, and not levying of taxes. More than that, it is not necessary to decide in this case whether or not the legislature could legally pass a law giving taxing officers a commission for levying and collecting taxes. We are here confronted with the fact that the legislature has not passed a law granting this power. In other words, the situation here is exactly the opposite.

"I realize that the Board of County Commissioners vested with a great deal of discretion, and Courts should hesitate to interfere with the action of the Board, especially as in this case, where they act in good faith; but in my opinion the payment of a contingent fee is so clearly against public policy, and therefore illegal, that an order must be entered restraining the Commissioners, Auditor, and Treasurer from making payments under that resolution."

The regular meeting of the American Legion Auxiliary will be held at the G. P. Hotel, at 8 o'clock, Wednesday evening. Important business. Please come.

Local Girl Weds Mr. Ekerberg, Fargo

The marriage of Miss Camilla Haas, daughter of Mr. and Mrs. George Haas of Bismarck and Ernest Ekerberg, son of Mr. and Mrs. L. E. Ekerberg, of Fargo, was solemnized at the home of Mr. and Mrs. Ekerberg at high noon Monday, Rev. G. O. Schoberg, pastor of the Swedish Lutheran Elm church read the lines of service in the presence of a few family friends and relatives.

Miss Hildegard Ekerberg, sister of the groom attended the bride and Herbert Ekerberg was his brother's attendant. The bridegroom was dressed in a grey tuxedo, with white shirt and bow tie. The bride wore a gown of brown satin and a hat of a corresponding color. Miss Lillian Holmquist played the nuptial music. A wedding dinner at the Ekerberg home followed the ceremony.

Mr. and Mrs. Ekerberg will be at home after September 15 in Fargo, where Mr. Ekerberg is connected with the Manchester Biscuit company.

For more than a year the bride has been employed as an operator in the Park-Art Hair Shop here.

Two Lower High School Classes Have Organized

With the organization of the two lower classes of the high school yesterday, high school life has settled down for the year. The juniors and seniors completed their organization within a few days of the opening of school.

Sophomore, and Freshman class officers follow:

John McGee, president of the sophomore class; Lee Hughes, vice president; Jean MacLeod, secretary and treasurer; John Birdzell, president of the freshman class; Ray McGee, vice president; Melford Dresbach, secretary; Albert Watkins, treasurer; Francis Nussle, "Pop" editor.

Officers to run the "Pop" have already been elected and it is expected that the various clubs connected with the high school, The Senior Masque, the debate clubs, the Spanish club and a number of others will hold meetings for the election of officers in the next week or two.

GIVES BIRTHDAY PARTY

Miss Edmond A. Hughes entertained at a birthday surprise party at her home Saturday evening in honor of her father, J. D. Wakeman. Covers were laid for forty guests at the birthday dinner which was served. The dining room which was artistically decorated with flowers made an appropriate setting for the affair. On the dining room table a large cake surmounted with 73 candles occupied a place of honor. During the evening the honor guest was serenaded by Henry Halverson and Frank Gale.

MOTORING TO COAST

Mrs. Grace Snyder, resident of Hazelton for many years, and a visitor in Bismarck for sometime past, left yesterday by automobile for California. Mrs. Snyder, wife of the late Dr. James Snyder of Hazelton, returned to North Dakota to look after property interests about two years ago after spending some time on the coast. She will spend the winter at Pasadena. Miss Dinger will make her home in Long Beach.

COUNTRY CLUB TEA

A good size crowd attended the bridge-jea given for members of the Country club yesterday afternoon. This was the last tea of the season. The honors at bridge were won by Miss Catherine Goddard and Mrs. J. C. Taylor. Mrs. V. E. Smart and Mrs. K. Kjelstrup poured tea during the bridge. They were assisted by Mrs. F. A. Knowles, Mrs. P. C. Remington, and Mrs. Benton Baker. Fall flowers were used to effect appropriate decorations about the club rooms for the occasion.

FAREWELL PARTY

Edgar Scott was host at the home of his sister, Mrs. Henry Burman, 10 West Rosser street Monday evening to eight couple, the affair being complimentary to Terrance Halloran, who is leaving this week for Providence, R. I., where he will be a student at Providence college this year. During the informal evening, music and dancing were diversions, and late in the evening, Mrs. Burman served light refreshments.

GIVES PICNIC SUPPER

Miss Lucile Laehr entertained her music pupils at a picnic supper Monday evening, preparatory to her departure to Evanston, Ill., where she will continue her study of music at Northwestern university. Miss Laehr is specializing in piano and pipe organ. Mrs. Elva Laehr Whitson, under whom Miss Laehr received her preparatory musical training was a guest during the evening.

LEAVE FOR EAST

Mrs. O. E. Barnes and daughter, Miss Ethel have returned to their home in the east. Miss Ethel will resume her work with the Federal Income Tax Department at Washington, D. C., while Mrs. Barnes will join Mr. Barnes at the home of their daughter, at Irwin, Pa., where they will spend the winter.

MOTOR TO WASHBURN

Dr. and Mrs. F. R. Smyth motored to Washburn yesterday to attend the funeral of Theodore J. Haugberg, pioneer merchant and banker of that city, who passed away Sunday.

MISS WRIGHT TO DEPART

Miss Luneta Wright of Jamestown, who has been the guest of Miss Muriel Robinson for the past week will return to her home tomorrow.

SUSTAINS BROKEN COLLAR BONE

George Knowles sustained a broken collarbone while taking part in blocking practice at football last evening. While the injury is painful and will probably keep George out of school for a week or ten days, it is not serious. George was elected class president at the meeting of the seniors this week.

MRS. WALLACE LEAVES

Mrs. Susie Wallace of Spokane, Wash., who has been visiting at the home of her sister, Mrs. B. D. Wetmore for several weeks left last night for St. Paul, Minn., to visit for a week or ten days with Miss Ella Werner, a former nurse at the Bismarck hospital. On her way to her home on the coast Mrs. Wallace will stop over again for a visit with her sister.

VISITING THISTLE

Miss Katherine Kuntz, who has been spending her vacation with Mr. and Mrs. R. H. Thistlethwaite of 102 Avenue B, left for Devils Lake last night on No. 4, where she will resume her studies at the School for the Deaf.

ENJOY OUTING AT PERSIAN LAKE

Mr. and Mrs. V. J. Hunter, Mr. and Mrs. E. V. Laehr, Mr. and Mrs. L. K. Thompson and daughter, Mr. and Mrs. Joseph Breslow and family, and Mr. and Mrs. W. A. McDonald enjoyed an outing and vacation at Persian Lake Sunday.

GIVE THEATRE PARTY

A theatre party to the Eltinge was given by Miss Mildred Crawford in honor of Miss Isabella Cochran yesterday evening. After the theater refreshments were served at the home of Miss Cochran.

MRS. PETERS LEAVES ON TRIP

Mrs. F. H. Peters and daughter left last night for the win Cities and Fort Dodge, Ia. In the latter place they will join Mr. Peters and visit for a couple of weeks before returning.

SPECIAL BAPTIST MEETING

The members and friends of the Baptist church are urged to attend a special meeting at the church this evening when plans for the work of the coming season will be considered.

RETURN FROM PARK

Miss Gertrude Elchert and Miss Ernestine Irvin of Linton, who have been on a vacation trip to the Yellowstone National Park, have returned to their respective homes.

LOOKING AFTER BUSINESS

Dr. S. Englehart of Oconomowoc, Wis., formerly a well known resident of Bismarck, is spending a few days in Bismarck and McKenzie looking after business interests.

LEAVES FOR CITIES

Mr. and Mrs. W. H. Mellow of Dunn Center, stopped over in Bismarck yesterday enroute to Minneapolis, Minn., where they will visit for an indefinite time.

BACK FROM MOTOR TRIP

Mr. and Mrs. C. B. Nupen returned last night from an automobile trip to Fargo and St. Cloud, Minn. They have been gone for the past two weeks.

MRS. SNYDER RETURNS HOME

Mrs. Theodore Snyder of Drake, who has been visiting at the home of her son and daughter-in-law, Mr. and Mrs. F. W. Snyder left yesterday for her home.

RUMMAGE SALE

The War Mothers will hold a rummage sale in the Patterson building, next to Breslow's Drug store, Sept. 21 and 22.

ST. GEORGES GUILD

The ladies of St. Georges Episcopal church will hold a meeting tomorrow afternoon at the Parish house on Third street.

LEAVES FOR ACADEMY

Robert Kelley left yesterday for Pillsbury Academy, Owatonna, Minn., where he is a senior this year.

SUNSHINE CLUB PICNIC

Members of the Sunshine club will enjoy a picnic at Wild Wood this afternoon.

HELLSTROM'S CONTRACT IS KNOCKED OUT

THE ELTINGE

Thomas Meighan entertains at the Eltinge theatre today and tomorrow, Wednesday and Thursday, in "Homeward Bound" taken from the Peter B. Kyne story, "The Light to the Leeward." Lila Lee, who has appeared with Thomas Meighan in previous pictures has a prominent part in "Homeward Bound." A Field and Stream picture from the "Rod and Gun" series, entitled "A Goose Chase on the Lower Mississippi" is the entertainment on the same program at the Eltinge.

CAPITOL THEATRE

"Mad Love," the new Goldwyn picture starring the Polish screen beauty, Pola Negri, which comes to the Capitol theatre tonight for two days, is something far out of the beaten path in motion pictures. The star's role is that of a fascinating siren woman, desired of all men who see her. It is not a historical character as have been most of her screen impersonations of the past, but a modern woman brimful of feminine appeal and the charms and graces that prove irresistible to mere men.

The story is an original one written especially to exploit Pola Negri's genius in picturing the hothouse type of alluring womanhood—a modern Cleopatra, for there is something in Pola Negri herself, something of the dark beauty and the sensuous appeal of that ancient mistress of the Nile who was Mark Anthony's undoing. Then the character of Sappho, which the actress portrays in "Mad Love" carries the analogy several degrees further, for Sappho is of that sisterhood to which Cleopatra belonged by instinct if not by name.

Burleigh Goes Over In Red Cross Drive For Relief Funds

The Burleigh county Red Cross in its drive for funds to aid in relief work for the victims of the Japanese earthquake has gone over the top.

A total of \$500 has been raised by the city and county. A number of persons sent in their offerings to the Red Cross headquarters as a result of the appeals which appeared in the Tribune. No soliciting was done in this connection.

Red Cross officials in charge of the drive report that they are proud of the way in which the people responded in this worthy cause. They said it was a pleasure to work with the people of the city and county, for they could always be depended upon to respond.

The employees of the Grand Pacific hotel alone contributed \$19.50 to the relief fund today when the hat was passed by Henry Halverson for a volunteer collection.

A complete list of all the donors will be published in the Tribune within a few days, when all reports are in at headquarters.

(Continued from Page One)

a mode of compensation for such services, lawfully bargain away an aliquot part of the public revenue which might be affected thereby.

Perplexing Problem

"The resolution in this case undoubtedly grew out of an attempt by the Commissioners to solve a problem that has vexed taxing officers for ages. The question how to collect the necessary revenue and at the same time place the burden fairly upon all, has baffled governments in all ages and at all times.

"The situation is such in many places that it is no wonder what kinds of County Commissioners will embrace almost any plan that promises a reasonably fair collection in proportion to the amount of property owned by the citizens of their respective counties.

"I have taken some time to examine the laws not only of this state but of other states as well, and find that contracts such as the one involved in this action have been before courts of different states, and in every case that I have been able to find they have been held invalid, and against public policy. The defendant in his brief does not cite a single case where such a resolution has been upheld.

Discusses Law

"The defendant in his brief cites Sec. 2173, which section gives the Commissioners authority to contract with the Sheriff to collect delinquent personal taxes on a percentage basis. This law was passed when the Sheriff's office was a fee office, and applied only to collection, and not levying of taxes. More than that, it is not necessary to decide in this case whether or not the legislature could legally pass a law giving taxing officers a commission for levying and collecting taxes. We are here confronted with the fact that the legislature has not passed a law granting this power. In other words, the situation here is exactly the opposite.

"I realize that the Board of County Commissioners is vested with a great deal of discretion, and Courts should hesitate to interfere with the action of the Board, especially as in this case, where they act in good faith; but in my opinion the payment of a contingent fee is so clearly against public policy, and therefore illegal, that an order must be entered restraining the Commissioners, Auditor, and Treasurer from making payments under that resolution."

The regular meeting of the American Legion Auxiliary will be held at the G. P. Hotel, at 8 o'clock, Wednesday evening. Important business. Please come.

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

EMMA G. WHEELER
North Dakota sustains a real loss in the death of Emma G. Wheeler of Mandan. Her services in promoting the cause of music in this state were outstanding and distinctive. Her methods were most effective and students throughout the state and even in other states grieve today the passing of a great teacher and a fine personality.

Thoroughness was her keynote. She put the best she had into her daily task and students fortunate enough to come under her tutelage secured a grounding in music that served them well in their later careers.

Prominent in musical circles in the east before coming to this state, Emma G. Wheeler took an active part in the national organizations. Study abroad upon several occasions broadened her outlook and improved her method of teaching so that she brought to her profession real talent found too seldom in the west.

A wonderful ambition, earnestness and zeal for her profession forced her to efforts beyond her vitality, but so great was her enthusiasm for music that she persisted in teaching until her vitality was completely undermined.

An affliction of the arm in recent years prevented her from displaying in public her remarkable talent as a pianist. Those who had the pleasure of hearing her, know that she was a real artist in the execution of the instrument which she taught so well. Nothing but accuracy was tolerated by her. She had the persistency of the old school in her methods and the fact that she had started many boys and girls upon brilliant careers attested her great success as a teacher.

This locality suffers a loss and the impression she made upon the musical and social life of Bismarck and Mandan form a great tribute to a most interesting personality.

WHEN YOU DIE
At some unknown date in the future, your heart will stop beating. What then? Death, of course. But what is death? Read the strange case of eight-year-old Jack Leaney, of Stratford, Canada.

He was ill, in agony. At 10 o'clock at night, his heart fluttered and ceased beating. Physicians applied every test known to science. "It's all over," they announced gravely. "The lad is dead."

But shortly after midnight, two hours later, his heart began beating again. He breathed. Life was miraculously restored, though only for three hours. At 5 in the morning, he died for the second time. This death was final. Jack Leaney is buried, gone into the Hereafter.

Medical journals soon will be discussing this.

It is possible to bring a man "back to life" after the heart has stopped beating, by injecting adrenalin, most powerful of heart stimulants. But only under certain conditions, usually when the sick man expires from the anæsthetic during an operation. Even then, according to medical rule, adrenalin must be injected within a few minutes after the heart stops beating.

The Jack Leaney case is one of the greatest mysteries in medical history. The doctors, of course, finally will decide that the lad's first "death" was really a condition of suspended animation, form of trance. But isn't "suspended animation" a good description of his second death—of all deaths?

You see a man driving an auto. It runs along smoothly. Then it goes dead, stops. A little tinkering . . . a broken-down part replaced with a new one. . . and the auto runs again. If the collapse of the mechanism is too emphatic, the owner buys a new car.

Our bodies are the autos driven by our spirits. The auto wears out. The driver gets a new car.

CHANCE FOR INVENTORS
The wind blowing a gale, picks up a kite and also lifts Vita Cicio, the lad clinging to the end of the kite string. Vita is yanked from the roof of a three-story building in Brooklyn, N. Y. The wind holds him struggling and yelling in the air for a moment, then gently lowers him to within a few feet of the pavement when he finishes his trip fast. Bruised, but alive.

In that wind is a force that some day will be harnessed to do a large part of our work. Watt got the idea of the steam engine by seeing steam lift the lid of a tea kettle—a demonstration puny compared with what happened to Vita Cicio. Here's your chance, inventors.

FUTURE TRAFFIC
Our railroads use 125 million new wooden ties each year, writes Colonel William B. Greeley, Uncle Sam's chief forester.

This is one of many cases why our forests are vanishing. Also, it is one of many items that will be saved when freight and passenger traffic will be in airplanes. No auto roads to pave and repair then. No railroad tracks to lay and keep in shape.

COAL SUBSTITUTES?
Theater managers say that mystery plays and comedies make the audiences' blood circulate fast, by stimulating the heart, which in turn makes the bodies of the watchers generate more heat. Some managers even claim that this increased heat radiates into the air sufficiently to raise the temperature of the theaters several degrees.

No one minds cold when excited.

In a pinch, maybe we could see Nick Carter and the funny paper as coal substitutes.

MIGHT GET MORE
Charles Edward Ashburner, who was the first American city manager, becomes city manager of Stockton, Calif., at a salary of \$20,000 a year.
For taking charge of a property of similar value, a corporation would pay him at least five times as much.

EDITORIAL REVIEW

Comments reproduced in this column may or may not represent the opinion of the Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

DIFFICULTIES OF AMERICAN TOURISTS

American tourists in France this summer are having no end of difficulties because they somehow believe that they bring the "color line" along with them. Like their countrymen and their country, they are only brought themselves, and in too many cases it happened that this meant they bring a sentiment or conviction that the white and black races, for the best interests of both, should not mingle socially. The "color line" remains behind; the "color" feeling is not unreasonably, comes along. The various scenes which result in the cafes of the Montmartre, and elsewhere, are most regrettable. The fact which the American tourists have not been able to appreciate is that the French custom is to accept the negro as an equal everywhere, that this is a part of the France they go to see, and that they have no more right to attempt to change France in this respect than in any other, save that in that all Frenchmen are free to drink wine when Americans are present.

The French ministry of foreign affairs has issued a sharp warning to "foreign tourists" that if matters do not mend, punishment will be exacted, and the French have hardly less pointedly expressed its dislike for Americans who do not like negroes. Some reputable papers have even gone so far as to call such offending Americans "metèques," which in France expresses what "wop" or "bobus" mean in America. Such remarks may be unpleasant for Americans, but it should be an efficient corrective. In Rome, do as the Romans do—or stay away.—St. Paul Dispatch.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

Mister Gallop, the cowboy fairy, stood near his cave up in the mountains and looked over the plain below. He could see everything very clearly because he had his spy glasses.

Suddenly he turned to the Twins. "Take these glasses and look as hard as you can," he said, "and see if you notice anything. If you do, tell me quickly, for there's no time to be lost."

Nick took the glasses and looked in the direction Mister Gallop was pointing. "Why, yes, I see something!" he said. "I see Beaver and his brothers stacking some sticks across the stream."

And then Nancy took a peek through the glasses, too. "Ann they're packing mud around the sticks," she declared. "And the water's being stopped. It's spreading all over everything."

"It will never do! Never!" exclaimed the fairyman. "I'll have to put a stop to it at once for the first thing you know the creek will flood the whole country round about and fill up all the houses of the plains folk. Penny Prairie Dog and Johnnie Owl and Frickley Porcupine and everybody like that. Come, Twins, we must go."

Nancy climbed up on Snow, and Nick jumped on Blackie, and Mister Gallop made one leap on to his cow pony, and away they all rode lickety split down the mountain and over the plain till they came to the spot where the beaver family was working.

There was Penny Prairie Dog, looking as sad as a funeral. And beside him were Mister and Misses Jack Rabbit and Johnnie, looking like three funerals, and all the rest of the plains folk, looking like a hundred funerals.

But Mister Ranch Man was there, too! That's what they call farmers out west. And Mister Ranch Man was saying:

"Good work, little beavers! My wheat and hay are so dry they won't grow. But if you make my dam they'll get lots of water! I'm ever so much obliged, for now my ditches will fill up to the top!"

"Come!" whispered Mister Gallop to the Twins. "We'll go away. The plains folk will have to make new homes for themselves, for Mister Ranch Man Farmer is pleased with what Ben Beaver is doing. It's out duty to stand by him. Come away."

So Nancy and Nick and Mister Gallop went back to the mountains again.

(To Be Continued.)

A Thought

Rebuke not an elder, but intreat him as a father; and the younger men as brethren; the elder women as mothers; the younger as sisters, with all purity.—1 Tim. 5:1, 2.

Consider how much more you often suffer from your anger and grief, than from those very things for which you are angry and grieved.—Marcus Antoninus.

LETTER FROM LESLIE PRESCOTT TO THE GAY LITTLE MAIL-QUISE CARE OF THE SECRET DRAWER

DEAR LITTLE MARQUISE:

You certainly have had your compensations. You never had a cantankerous old mother-in-law.

I didn't know until yesterday that Jack had been having any trouble with his mother. I supposed she gave me this beautiful desk. I wasn't it through her that I made the acquaintance of this lovely old secret drawer and took to myself your proffer of confidential friendship.

I was literally broken-hearted when I received her letter. It seems there is an old maid in the town where she lives that has never been married. She has never been given me for being young and good looking.

Sometimes I think, dear little Marquise, that people never should grow old and that is probably another compensation you had, for you did not live to be very old. Old people are so hard to live with and they make such hard work of living. They never seem to think that you should have any other life but the life that they have planned for you.

Jack's mother prides herself on descent from the Mayflower, and if descent from Puritan stock means being narrow and selfish and bigoted and self-centered, then I am glad that dad came over in the steerage with nothing but his splendid physique and big brain to depend on.

Jack has been awfully angry at his mother and, of course, she lays it all to me, although if she only knew it, it was I who kept him from going down to her house and reading the riot act to her. She is very angry over the baby, you see, particularly as Jack has insisted upon it being named after himself and, of course, John Alden is the ancestor upon whom she prides herself.

I'm sure if she could see dear little Jacky she would know there never was any John Alden before him who was any sweeter than he. I wanted her to let me go down to his mother and see if I couldn't make up with her, but he wouldn't let me. Said that all his life he had put up with her whims because he thought he ought to, but when it came to choosing between his wife and his mother, it was his wife every time. He remarked, "From now on I am going to run my own affairs in spite of all my distinguished ancestry."

I guess, dear little Marquise, that things even themselves up in this world. Perhaps you found that out, too. You went away to that college, didn't you? If you were not able to speak to the world of your lover and proudly proclaim yourself his wife, yet I got from your letter you never doubted his love. If you did not have a baby in your arms to love and careen you weren't harassed by an old mother-in-law, and a disappointed old maid.

I am not very happy tonight, little Marquise, for Jack's mother is the only person I have ever known who didn't like your poor Leslie.

TOMORROW: Beatrice Grimshaw to Leslie—A wee bit jealous!

AUTO KILLS CHILD

Kenmare, N. D., Sept. 12.—The 8-year-old son of Conductor Scott of the Soo line, was killed here when he was struck by an auto which caused him to fall off the cement sidewalk and fracture his skull.

Northwest News

Northgate Ordered To Abandon Its Immigration Port

Northgate, N. D., Sept. 12.—Northgate has been ordered abandoned as an immigration port of entry, according to W. N. Wright, customs officer. Mr. Wright will remain here, acting as immigration watchman. Aliens wishing to enter the United States at Northgate will have to enter at Portal. Immigration Inspector Frank Russell has been ordered transferred to San Francisco.

Liberty Bond Thief Given 5 Year Sentence

Huron, S. D., Sept. 12.—Samuel Cobb, found guilty in circuit court here Saturday on a charge of stealing \$1,000 in liberty bonds from the office of L. A. Tommer, here and later attempting to dispose of them at a Mitchell bank representing himself as Tommer, was sentenced to five years in the state prison at Sioux Falls at 10 o'clock Monday morning. Judge Alva E. Taylor, trial judge, passed sentence.

Creamery Business In LaMoure Growing

LaMoure, N. D., Sept. 12.—Cream sold to the three cream stations of LaMoure during June and July of this year totaled 85,997 pounds, as compared with 50,998 pounds for the same months in 1922, or an increase of 70 percent, a checkup of receipts shows.

Figured in money, the amount received for the cream was \$30,098.95 this year, as compared with \$16,117.76 for 1922, an increase of \$13,981.19, or 86 percent.

The higher percentage of increase shown by the price comparison is stated to be due to the new system of cream grading, giving the patron higher prices for high grade cream. Bankers and creamerymen say diversification is increasing steadily in LaMoure county.

Montana Elevators Will Store Grain

Helena, Mont., Sept. 12.—At least two of the line elevator concerns operating in Montana which were threatened with prosecution if they persisted in the refusal to accept grain for storage, have receded from their stand to the extent that they will receive storage grain at least pending the decision of the attorney general as to their applications for a change in license from that of public warehousemen to grain dealers.

Fire Damages Cafe Contents

Liebon, N. D., Sept. 12.—Fire, believed due to an overloaded stove, or explosion of the stove, gutted the O. E. restaurant here and destroyed the contents before the flames could be checked. The flames were soon subdued after the arrival of the fire department.

Driver Seares Holdup Men Away

Laverne, N. D., Sept. 12.—When two men, after signalling him to stop, stepped on the running board of Ed Zutter's auto, Zutter stepped on the gas and made a show of resistance. The men then jumped off. Mr. Zutter said he was satisfied they planned to rob him and members of his family.

Bottineau Schools Open September 24

Bottineau, N. D., Sept. 12.—Superintendent Johnston E. Walker who has been doing post graduate work at Columbia university this summer has returned to Bottineau and announces that the Bottineau schools will open Monday, September 24th.

Life Size Cow Made of Butter Shown At Fair

Huron, S. D., Sept. 12.—A life size statue of a dairy cow made out of more than 400 pounds of South Dakota butter especially churned for the purpose is being exhibited in the big refrigerator in the dairy building at the State fair this week to call attention to a novel way to the improvement of the dairy industry of the state. The work was done by J. C. Wallace, a sculptor who specializes in butter statuary for state fairs and like events. The State Dairy association is financing the exhibit, which will cost several hundred dollars.

Holdup Men Escape During Gun Battle

Sanborn, N. D., Sept. 12.—Three men who held up five others here at guns' point and robbed them of \$80 in cash and four or five watches later escaped during a gun battle when local officers attempted to arrest them.

Holdup victims were locked in a taxicab, but cut a hole through the side of the car, reached the fastening and released themselves.

Officers summoned sighted the three holdup men trying to board a freight about 2 a. m. As the officers closed in a running fight and interchanged of shots ensued, until the three escaped in the darkness.

One shot narrowly missed the fireman of the freight train, while a bullet of .45 calibre struck and lodged in the frame of a station window from which Operator Tetallaff was peering.

Civil War Veteran, N. D. Pioneer, Dies

Fargo, Sept. 12.—Funeral services were held yesterday afternoon for Charles Newton, a civil war veteran, who died Saturday at the home of his daughter at Harwood. The deceased was one of the most progressive farmers of the state. He came to North Dakota in 1882, settling with his wife in Steele county, where they resided until 1888. They later moved to Cass county, where they resided until eight years later when he retired.

Youth Crushed Under Wagon

Cando, N. D., Sept. 12.—Earl Haller, 13-year-old son of John Haller, of Egeland, was killed last week, when he fell from the wagon filled with wheat which he was driving, and was crushed underneath the wheels. He was alone, and nobody witnessed the accident, but it is believed that the youth was dozing, or may have dropped the lines and in attempting to pick them up lost his balance.

SPORTS

JAMESTOWN LOOKS LIKE STRONG TEAM

With Five Veterans Back Should be a Fast Aggregation

ERICKSON CONFIDENT

To Play a Long Hard Schedule Including U. of N. D. and Aggie School

Jamestown, N. D., Sept. 12.—Five veterans from last year's team will be the nucleus around which Coach Karl Erickson will build his Jamestown college eleven this year. The men are rather light averaging about 155 pounds. An exceptionally stiff schedule for a light team has been arranged for the Preachers.

Harold Miller of Cathay, N. D., will captain the 1923 team. Miller played fullback last year but Erickson expects to shift him to a half back job. Robertson and Rathman, ends, Krauss, tackle and McElroy, quarter are the other returning lettermen. Possibly Fulton of Jamestown and McLeod of Erie may return to school.

Open Against Bisons Promising candidates are Peterson, Raggs, Hirsch, Penning, Gilbertson, Kent, Schaumburg, Ferch and Currie.

The Preachers open the season against the A. C. at Fargo Sept. 29. Then follows a game with North Dakota University, Oct. 6.

The schedule follows:

Sept. 29.—A. C. at Fargo.

Oct. 6.—N. D. U. at Grand Forks.

Oct. 13.—Concordia at Moorhead.

Oct. 20.—Moorhead Teachers at Jamestown.

Oct. 27.—Wahpeton Science at Wahpeton.

Nov. 3.—Valley City Teachers at Valley City.

A game with Dakota Wesleyan is pending.

JENSEN SAYS HE IS IN FINE SHAPE

Local Wrestler Training For Match Tomorrow Night With Abrahamsen

BENEFIT FIGHT

Net Proceeds to go for Benefit of Disabled Veterans

Thor Jensen, local welterweight wrestler, who is to go with Clarence Abrahamsen, Kathryn wrestler, is in the best of condition, he says. He states that he has been doing heavy road work lately and has been spending a few hours a day training with Stanley Rogers.

A good card has been arranged, with B. North vs. Steve Hagen in the semi-windup and a good curtain raiser between two local amateurs. With each ticket for the fight, a check for an Oakland touring car is given. The net profits of the fight will be given to the benefit of the Disabled Veterans of the World war, according to Jensen.

EHMKE MAKES SENSATION IN BALL PITCHING

Leads Boston to Victory by Twirling No Run One Hit Game

(By the Associated Press.) Chicago, Sept. 12.—There were some minor sensations in the major leagues yesterday.

Howard Ehmke pitched a no run, one-hit game against the New York Americans, leading Boston to victory 3 to 0. Cy Williams pounded out a pair of homers in Philadelphia game with Brooklyn, who went down to defeat, 11 to 3, and Jack Scott shut out the Boston Braves, winning for the Giants 10 to 0. Pittsburgh defeated Cincinnati 4 to 3, placing the Pirates a game and a half ahead of the Reds, and five and a half behind the Giants.

Ehmke was robbed of the honors of pitching two no hits games in succession by the awkward bounce of a ball to a Yankee center fielder. Howard Shanks, Boston third baseman, was the victim of the crooked hop, but for that Ehmke would have accomplished a feat never before reported to the credit of any pitcher in baseball history.

MANDAN NEWS

Stephens Tells Kiwanis Work of Experiment Plant

"There are 1,400 farmers operating with the U. S. Northern Great Plains Field station south of the city," said Supt. S. M. Stephens who is supervisor of fourteen of the government stations from the northwest to Oklahoma, in an address before members of the Kiwanis club yesterday.

He said that the work of the station was divided into three classes—horticulture under W. A. Baird, agronomy under J. T. Sarvis, and forestry under Robert Wilson.

"People wonder why we produce so much fruit, vegetables and other things which are allowed to spoil. The station is not a farm; the department heads are not farmers. The station is a great research laboratory and the workers are skilled scientists and experts. From a two acre patch of tomatoes, it may be that only a few plants are taken, but these are the choice of the whole and a development which may represent five years work.

"In the fruit orchard experimentation the same holds true. Great volumes must be grown to get the perfect specimens and the fruit or vegetables allowed to rot away so that seeds may be obtained. If we were to allow persons to come on to the station and help themselves, it would be the plants or trees, fruit or vegetables representing years of skilled study that undoubtedly would be taken. Such a thing has happened. It does look like a waste, sometimes, but every person in the dry land areas eventually benefits for our developments when perfected go into the market or cooperative experiments with the farmers and the world is richer.

Supt. W. F. McClelland of the State Training school left yesterday for Boston, Mass., where he will attend the annual meetings of the heads of penal institutions of the country.

M. H. Miller, local railroad brakeman, died suddenly at the Northern Pacific hospital at Glendive yesterday. Mr. Miller had been employed at the Northern Pacific for the past three years, coming from New Salem where he had been making his home. He was taken to Glendive to receive treatment for an abscess on the throat.

Mrs. W. A. Clark of Livingston, Mont., who has been a guest for the past six weeks at the home of her sister, Mrs. F. W. McAniff returned to her home yesterday.

The marriage of Miss Cecilia Connolly of Mandan and J. P. Cain, of Dickinson took place at 9 o'clock this morning at St. Joseph's church. The bride was attended by her sister, Miss Florence Connolly, and the bridegroom by Gervis Manning of Dickinson.

Mr. and Mrs. Oscar Schneider and Valentine Musick left by automobile yesterday for San Francisco where they will make their future home.

Watch For LUCAS' Anniversary Announcement

NAVY DAY HAS APPROVAL OF NAVY HEAD

Theodore Roosevelt, Acting Secretary of Navy, Promises Cooperation

SPONSORED BY NAVY

Proposes to Center Nation's Attention on its Naval Defenses

Washington, Sept. 12.—With the approval of the Navy Department, the Navy League of the United States is planning another "Navy Day," when it hopes to center the country's attention on its defenses by sea. The celebration will take place October 27.

This letter from Acting Secretary Roosevelt to Robert W. Kelley, president of the League promising the cooperation of the Navy Department in making the day a success, was made public today at the League's headquarters:

"My dear Mr. Kelley: I am delighted to learn that you are planning to hold Navy Day again this year. What you did last year was a real patriotic service.

"It is the right of our people to be fully informed on the vital problem of national defense. The Navy is our bulwark. Behind its protection our people are able to carry on their lives, develop their ideals, and live in the righteous peace we so earnestly desire.

"It is the right arm of our State Department, and translates our national pronouncements from empty words into statements that must be given the most serious consideration by all. Whereas we are all working for every legitimate economy in government, we should never let a pennywise, pound-foolish policy govern our naval establishment.

"The Department will gladly cooperate with you and help in any way to make the people realize their vital interest in the Navy.

"Every man and woman of the

United States, especially those with children, should make it their business to that our Navy is adequately and properly maintained.

"Very truly yours, 'THEODORE ROOSEVELT'.

In a letter to Mr. Roosevelt, Mr. Kelley declared the purpose of the celebration was to clear up "much confusion of thought" about the navy.

"Our Army and Navy have been denounced as symbols of war, their officers and men its advocates," wrote Mr. Kelley. "This is not true. All classes are united in a desire for peace. None desire it more than army and navy men, our own brothers and sons, who realize more keenly than others the horrors of war and seek only the strength that will maintain peace—the peace of honor and justice, which is the only peace America should ever tolerate.

"We believe that the way to maintain that peace is to have sufficient strength to insure respect for our voice in the councils of nations. We believe in limitation of armaments by international agreement, but not in limitation of armaments by solitary example. Knowing that arms have made and kept us a nation, we are unwilling to trust our liberties to others who remain armed and may seek their own selfish ends.

"The Navy League appeals to no party and to no special interests. It speaks only in the interests of America, a nation whose ultimate existence, as well as the peaceful existence of every citizen, is dependent on the protection of armed force. No generation of Americans since the first colonists touched our shores has escaped war and there is no evidence as yet that human nature has changed to the extent that wars can be no more. In fact the present state of the world would lead to quite the opposite conclusion."

Muscular rheumatism is being treated with oil from snake's fat.

Potato Warehouse Prepared For Work

Minot, Sept. 12.—Management of the Minot Potato Warehouse association has been taken over by Clyde Nelson of this city, who succeeds William Eidam, it was announced recently. The association expects to begin receiving the 1923 crop of potatoes the latter part of this week, the new manager said. The plant is prepared to take care of all loading and shipping, Mr. Nelson announces, having a capacity of approximately 10 carloads a day.

Fruits can be put up without sugar, if carefully sealed. The warehouse has a storage capacity of between 30,000 and 40,000 bushels.

Read Tribune Want Ads.

To most everybody 30 x 3½ means USCO

NATURALLY USCO'S could hardly have delivered such money's worth—tire after tire—without making a clean sweep.

It's been a pretty performance every time—no two opinions about that.

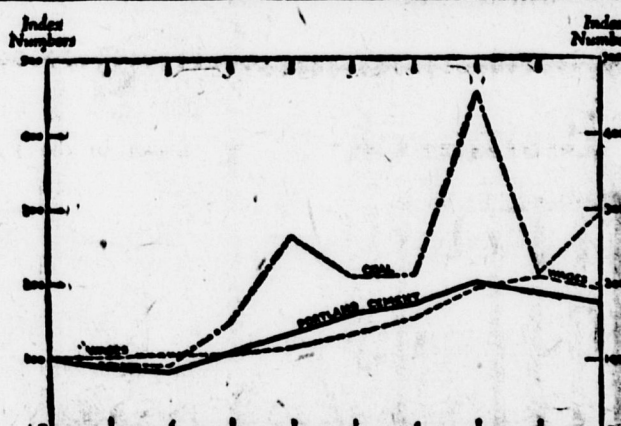

And no two opinions about what tire to get again after a man has once used USCO.

United States Tires are Good Tires

Where to buy U.S. Tires

C. W. HENZLER
Bismarck, No. Dakota.

Coal prices from Survey of Current Business, February 1923. Current prices from U. S. Geological Survey. Prices from November (1922) Monthly Labor Review, Bureau of Labor Statistics.

More for Your Money

Swapping things—as when our grandmothers traded eggs for calico at the cross-roads store—gives a better understanding of values. By measuring one thing against another we too can often judge values more clearly.

Coal and wages make up more than half the manufacturing cost of cement.

The chart above shows price fluctuations for portland cement, coal and wages during the past ten years. In each case 100 is used to represent 1913 figures, by the Government departments which compiled these statistics.

Translated into "eggs and calico" language, this chart shows that a ton of coal would buy nearly twice as much cement in 1922 as in 1913. A day's wages also would buy more cement in 1922 than in 1913.

This means that even though coal and wages make up more than half its manufacturing cost, cement is now relatively lower in price than either coal or wages.

So, considering these increased costs, it is plain that in buying cement you get more for your money than before.

NOTE—Remington Game Loads are loaded exclusively in "Nitro Club" Wetproof Shells. Wetproof means just what it says.

Why Dealers Here in Town are selling so many Remington Game Loads

IT doesn't take sportsmen long to get the ins and outs of anything new that's offered them.

When Remington announced the Remington Game Loads last year, not all the men who wanted to try them could do so. Because it was their first year and there weren't enough to go around.

But those who did shoot them told the others, and this season there is a demand for Remington Game Loads that has never been approached in the history of the loaded shell business.

Whether you are already a Game Load enthusiast or have yet to shoot your first box—you will be interested in the facts about powder we uncovered in our Bridgeport tests on loaded shells. These are given in the panel at the right.

To the practical minds of the Remington organization, these discoveries indicated that there was just one thing to be done—

Fix a safe working standard of velocity, pattern and penetration for each kind of small game.

Make this standard absolute. And load just the right amount of powder to give it—whether it takes an eighth dram more or an eighth dram less.

That is the theory and practice of game loads.

Uniform shooting results—instead of a hard and fast loading formula. Powder varies—Remington Game Loads do not.

Naturally, you won't find the weight of powder indicated on Remington Game Load boxes—because the weight is not fixed.

You do not find the name of the powder because Remington takes full responsibility for the shell complete—including the powder.

Go to your dealer's. Get one box of Remington Game Loads and shoot them. We'll leave the rest up to your judgment.

REMINGTON ARMS COMPANY, Inc.—New York City
Established 1816

These are the Facts disclosed by Remington's Ballistic Tests

A—A given weight of the same kind of powder doesn't always give the same velocity, pattern or penetration.

B—Powder varies batch by batch—even the same kind and make. One batch, for instance, gives a velocity of 925 feet per second. Another may fall as low as 840 feet per second.

C—This is nobody's fault. Powder comes that way.

D—The man who buys his shells by the weight and kind of powder—often misses a lot of game and never knows why.

MARKET NEWS

WHEAT TAKES FRESH DROP

Caused by the Weakness of Winnipeg Markets

Chicago, Sept. 12.—Influenced chiefly by weakness of Winnipeg fresh declines in wheat took place there today early. The opening which ranged from 1-4 to 5-8 cents lower with Dec. \$1.04 7-8 to \$1.05 1-8 and May \$1.10 3-8 to 1-2 was followed by a moderate general sag and then a rally.

Bearish crop estimates from Canada kept the market trending downward at the end. Prices closed heavy 1/2c to 3/4c net lower with December \$1.04 1/2 to 3/4 and \$1.10 1/2.

CHICAGO LIVESTOCK.
Chicago, Sept. 12.—Hog receipts, 28,000. Mostly 15 to 25 cents lower. Top, \$9.40. Cattle receipts, 11,000. Beef steer yearlings and desirable beef heifers strong to 15c higher. Top matured steers, \$12.50. Vealers strong to 25 cents higher. Bulk vealers to packers, \$12 to \$12.50. Sheep receipts, 27,000. Killings lambs and yearlings strong to 25 cents higher. Sheep steady. Fat lamb tops \$14.15. Feeding lambs, \$13.60 and \$14. Native fat lambs, \$13.25 to \$13.50.

MILL CITY FLOUR.
Minneapolis, Sept. 12.—Flour unchanged to 20 cents lower. \$5.35 to \$6.45. Shipments, 51,008. Grain unchanged to 1/4 higher, \$20 to \$28.50.

SO. ST. PAUL LIVESTOCK.
St. Paul, Sept. 12.—Cattle receipts, 3,600. Veal calves and bulls strong to 25c higher. Other killing classes and stockers steady. Grass fat heaves, \$4.50 to \$8.50. Bulk, \$5 to \$7.50. Grass fat steers, \$3 to \$7.50. Bulk, under \$5. Canners and butchers, most \$2 to \$2.75. Boiling feeders, \$3 to \$9. Bulk light veal calves, \$9.50 to \$9.75. Hogs, 7,900. Mostly 15 to 25 cents lower. Range, \$7 to \$9.50. Bulk butchers and bacon hogs, \$8.50 to \$8.75. Bulk packing sows, \$7 to \$7.75. Bulk good pigs, \$8.25. Sheep receipts, 1,500. Lambs steady to 25 cents higher. Good natives, \$12 to \$12.25. Culls mostly \$5. Fat ewes to packers, \$4 to \$6. Good native breeding ewes, \$6.25 to \$7.50.

MILL CITY GRAIN
Minneapolis, Sept. 12.—Wheat receipts 446 cars compared with 363 cars a year ago. Cash No. 1 northern \$1.17 to \$1.20; No. 1 dark northern spring choice to fancy \$1.25 to \$1.29 good to choice \$1.21 to \$1.24; ordinary to good \$1.10 to \$1.19; December \$1.14; September \$1.15 1/2; May \$1.18 1/2.

Corn No. 3 yellow 83c; oats No. 3 white 35 1/2c to 36 1/2c; barley 45c to 50c; rye No. 2, 67c to 67 1/2c; flax No. 1, 22 1/2c.

FEWER BERLIN WOMEN
BREAK LAW THAN MEN

Berlin, Sept. 12.—Women break the law in Berlin only one-sixth as much as men, according to Berlin police statistics for June which have just been made public. Total number of arrests was 14,979 and of these only 2,583 were women.

NOTICE!
Continue boiling city water.

Make Few Changes
In Military Staff
At Agric College
 Fargo, N. D., Sept. 12.-The personnel of the military department at the North Dakota Agricultural college will be but slightly changed, is the announcement of officials, Major Harrell, Captain King, and Sergeant Rafferty and Culpepper will be at the college again this year. Captain Evans has been relieved by Captain Millard.

Members of the cadet battalion are now the proud possessors of a gold star which is the emblem of a distinguished college and will be a part of the uniform this year.

Major Harrell, professor of military science and tactics, has mailed a gold star to each member of the battalion and explained that the star is to be worn on the right sleeve of the cadet blouse one inch above the R. O. T. C. insignia.

"This addition to the uniform," said Major Harrell, "is a distinct honor, as but 23 of the 230 colleges inspected by the War Department were rated as distinguished."

Major Harrell also announced in a letter to each cadet that two caps would be issued this year instead of one as heretofore. One of these will be the regular garrison cap and the other will be a winter cap of the latest civilian style with ear protectors.

WHEAT TAKES FRESH DROP

Caused by the Weakness of Winnipeg Markets

Chicago, Sept. 12.-Influenced chiefly by weakness of Winnipeg fresh declines in wheat took place there today early. The opening which ranged from 1-4 to 5-8 cents lower with Dec. \$1.04 7-8 to \$1.05 1-8 and May \$1.10 3-8 to 1-2 was followed by a moderate general sag and then a rally.

Bearish crop estimates from Canada kept the market tending downward at the end. Prices closed heavy 3/4c to 1/2c net lower with December \$1.04 3/4 to 3/8 and \$1.10 1/4.

CHICAGO LIVESTOCK, Chicago, Sept. 12.-Hog receipts, 28,000. Mostly 15 to 25 cents lower. Top, \$9.40. Cattle receipts, 11,000. Beef steers yearlings and desirable beef heifers strong to 15c higher. Top matured steers, \$12.90. Yearlings strong to 25 cents higher. Bulk veal calves to packers, \$12 to \$12.50. Sheep receipts, 27,000. Killings lambs and yearlings strong to 25 cents higher. Sheep steady. Fat lamb tops \$14.15. Feeding lambs, \$13.60 and \$14. Natives fat lambs, \$13.25 to \$13.50.

MILL CITY FLOUR, Minneapolis, Sept. 12.-Flour unchanged to 20 cents lower, \$6.35 to \$6.45. Shipments, 51,908. Bran unchanged to \$1 higher, \$20 to \$28.50.

SO. ST. PAUL LIVESTOCK, St. Paul, Sept. 12.-Cattle receipts, 3,000. Veal calves and bulls strong to 25c higher. Other killing classes and stockers steady. Grass fat heaves, \$4.50 to \$8.50. Bulk, \$5 to \$7.50. Grass fat she stock, \$3 to \$6.50. Bulk, under \$5. Canners and bulls, \$3.75 to \$4.25. Stockers and cutters, most \$2 to \$2.75. Bologna feeders, \$3 to \$9. Bulk, \$3.50 to \$6.50. Calves, 1,500. Best light veal calves, \$9.50 to \$9.75. Hogs, 7,800. Mostly 15 to 25 cents lower. Range, \$7 to \$8.90. Bulk butcher and bacon hogs, \$8.50 to \$8.75. Bulk packing sows, \$7 to \$7.75. Bulk good pigs, \$8.25. Sheep receipts, 1,500. Lambs steady to 25 cents higher. Good natives, \$12 to \$12.25. Culls mostly \$8. Fat ewes to packers, \$4 to \$6. Good native breeding ewes, \$6.25 to \$7.50.

MILL CITY GRAIN, Minneapolis, Sept. 12.-Wheat receipts 446 cars compared with 393 cars a year ago. Cash No. 1 northern spring choice to fancy \$1.25 to \$1.29 good to choice \$1.21 to \$1.24; ordinary to good \$1.18 to \$1.20; December \$1.14; September \$1.15 1/2; May \$1.18 1/2.

Corn No. 3 yellow 83c; oats No. 3 white 36c to 36 3/4c; barley 45c to 60c; rye No. 2, 67c to 67 3/4c; flax No. 1, \$2.35.

SPORTS

JAMESTOWN LOOKS LIKE STRONG TEAM

With Five Veterans Back Should be a Fast Aggregation

ERICKSON CONFIDENT

To Play a Long Hard Schedule Including U. of N. D. and Aggie School

Jamestown, N. D., Sept. 12.—Five veterans from last year's team will be the nucleus around which Coach Karl Erickson will build his Jamestown college eleven this year. The men are rather light averaging about 155 pounds. An exceptionally stiff schedule for a light team has been arranged for the Preachers.

Harold Miller of Cathay, N. D., will captain the 1923 team. Miller played fullback last year but Erickson expects to shift him to a half back job. Robertson and Rathman, ends, Knauss, tackle and McElroy, quarter are the other returning lettermen. Possibly Fulton of Jamestown and McLeod of Erie may return to school.

Promising candidates are Peterson, Baugust, Hirschy, Pfennig, Gilbertson, Kent, Schaumburg, Ferch and Currie.

The Preachers open the season against the A. C. at Fargo Sept. 29. Then follows a game with North Dakota University, Oct. 6.

The schedule follows:

Sept. 29—A. C. at Fargo.
Oct. 6—N. D. U. at Grand Forks.
Oct. 13—Concordia at Moorhead.
Oct. 20—Moorhead Teachers at Jamestown.
Oct. 27—Wahpeton Science at Wahpeton.
Nov. 3—Valley City Teachers at Valley City.

A game with Dakota Wesleyan is pending.

JENSEN SAYS HE IS IN FINE SHAPE

Local Wrestler Training for Match Tomorrow Night With Abrahamson

BENEFIT FIGHT

Net Proceeds to go for Benefit of Disabled Veterans

Thor Jensen, local welterweight wrestler, who is to go with Clarence Abrahamson, Kathryn wrestler, is in the best of condition, he says. He states that he has been doing heavy road work lately and has been spending a few hours a day training with Stanley Rogers.

A road card has been arranged, with B. North vs. Steve Hagen in the semi-windup and a good curtain raiser between two local amateurs.

With each ticket for the fight a check for \$1.00 will be given. The net profits of the fight will be given to the benefit of the Disabled Veterans of the World war, according to Jensen.

EHMKE MAKES SENSATION IN BALL PITCHING

Leads Boston to Victory by Twirling No Run One Hit Game

(By the Associated Press.)
Chicago, Sept. 12.—There were some minor sensations in the major leagues yesterday.

Howard Ehmke pitched a no run, one-hit game against the New York Americans, leading Boston to victory 3 to 0. Cy Williams pounded out a pair of homers in Philadelphia game with Brooklyn, who went down to defeat, 11 to 6, and Jack Scott shut out the Boston Braves, winning for the Giants 10 to 0. Pittsburgh defeated Cincinnati 4 to 3, placing the Pirates in game and a half ahead of the Red Sox and a half behind the Giants.

Ehmke was named to the honors of pitching the no run game in succession to the Boston pitcher, pitcher of a ball game. Ehmke's no run game was a surprise to many. He was a pitcher of the "grooved" type, and it was not until he had a record of 10-0 that he was reported to be the best of any pitchers in the league.

MANDAN NEWS

Stephens Tells Kiwanis Work of Experiment Plant

"There are 1,400 farmers cooperating with the U. S. Northern Great Plains Field station south of the city," said Supt. S. M. Stephens who is supervisor of fourteen of the government stations from the northwest to Oklahoma, in an address before members of the Kiwanis club yesterday.

He said that the work of the station was divided into three classes—horticulture under W. A. Baird, agronomy under J. T. Savits, and forestry under Robert Wilson.

"People wonder why we produce so much fruit, vegetables and other things which are allowed to spoil. The station is not a farm; the department heads are not farmers. The station is a great research laboratory and the workers are skilled scientists and experts. From a two acre patch of tomatoes it may be that only a few plants are taken, but these are the choice of the whole and a development which may represent five years work.

"In the fruit orchard experimentation the same holds true. Great volumes must be grown to get the perfect specimens and the fruit or vegetables allowed to rot away so that seeds may be obtained. If we were to allow persons to come on to the station and help themselves, it would be the plants or trees, fruit or vegetables representing years of skilled study that undoubtedly would be taken. Such a thing has happened. It does look like a waste, sometimes, but every person in the dry land areas eventually benefits for our developments when perfected go into the market or cooperative experiments with the farmers and the world is richer.

Supt. W. F. McClelland of the State Training school left yesterday for Boston, Mass., where he will attend the annual meetings of the heads of penal institutions of the country.

M. H. Miller, local railroad brakeman, died suddenly of the Northern Pacific at Glendive yesterday. Mr. Miller had been employed at the Northern Pacific for the past three years, coming from New Salem where he had been making his home. He was taken to Glendive to receive treatment for an abscess on the throat.

Mrs. W. A. Clark of Livingston, Mont., who has been a guest for the past six weeks at the home of her sister, Mrs. F. W. McAdiff returned to her home yesterday.

The marriage of Miss Cecilia Connolly of Mandan and J. R. Cain, of Dickinson took place at 9 o'clock this morning at St. Joseph's church. The bride was attended by her sister, Miss Florence Connolly, and the bridegroom by Gervis Manning of Dickinson.

Mr. and Mrs. Oscar Schneider and Valentine Mushnik left by automobile yesterday for San Francisco where they will make their future home.

NAVY DAY HAS APPROVAL OF NAVY HEAD

Theodore Roosevelt, Acting Secretary of Navy, Promises Cooperation

SPONSORED BY NAVY Proposes to Center Nation's Attention on its Naval Defenses

Washington, Sept. 12.—With the approval of the Navy Department, the Navy League of the United States is planning another "Navy Day," when it hopes to center the country's attention on its defense by sea. The celebration will take place October 27.

This letter from Acting Secretary Roosevelt to Robert W. Kelley, president of the League promising the cooperation of the Navy Department in making the day a success, was made public today at the League's headquarters.

"My dear Mr. Kelley: I am delighted to learn that you are planning to hold Navy Day again this year. What you did last year was a real patriotic service.

"It is the right of our people to be fully informed on the vital problem of national defense. The Navy is our bulwark. Behind its protection our people are able to carry on their lives, develop their ideals, and live in the righteous peace we so earnestly desire.

"It is the right arm of our State Department, and translates our national pronouncements from empty words into statements that must be given the most serious consideration by all. Whereas we are all working for every legitimate economy in government, we should never let a pennywise, pound-foolish policy govern our naval establishment.

"The Department will gladly cooperate with you and help in any way to make the people realize their vital interest in the Navy.

"Every man and woman of the

United States, especially those with children, should make it their business to see that our Navy is adequately and properly maintained.

Very truly yours,
THEODORE ROOSEVELT

In a letter to Mr. Roosevelt, Mr. Kelley declared the purpose of the celebration was to clear up "much confusion of thought" about the navy.

"Our Army and Navy have been denounced as symbols of war, their officers and men its advocates," wrote Mr. Kelley. "This is not true. All classes are united in a desire for peace. None desire it more keenly than others the horrors of war and seek only the strength that will maintain peace—the peace of honor and justice, which is the only peace America should ever tolerate.

"We believe that the way to maintain that peace is to have sufficient strength to insure respect for our voice in the councils of nations. We believe in limitation of armaments by international agreement, but not in limitation of armaments by solitary example. Knowing that arms have made and kept us a nation, we are unwilling to trust our liberties to others who remain armed and may seek their own selfish ends.

"The Navy League appeals to no party and to no special interests. It speaks only in the interests of America, a nation whose ultimate existence, as well as the peaceful existence of every citizen, is dependent on the protection of armed force. No generation of Americans since the first colonists touched our shores has escaped war and there is no evidence as yet that human nature has changed to the extent that wars can be no more. In fact the present state of the world would lead to quite the opposite conclusion.

Muscular rheumatism is being treated with oil from snake's fat.

AT LUCAS' SOON

More for Your Money

Swapping things—as when our grandmothers traded eggs for calico at the cross-roads store—gives a better understanding of values. By measuring one thing against another we too can often judge values more clearly.

Coal and wages make up more than half the manufacturing cost of cement.

The chart above shows price fluctuations for portland cement, coal and wages during the past ten years. In each case 100 is used to represent 1913 figures, by the Government departments which compiled these statistics.

Translated into "eggs and calico" language, this chart shows that a ton of coal would buy nearly twice as much cement in 1922 as in 1913. A day's wages also would buy more cement in 1922 than in 1913.

This means that even though coal and wages make up more than half its manufacturing cost, cement is now relatively lower in price than either coal or wages.

So, considering these increased costs, it is plain that in buying cement you get more for your money than before.

Potato Warehouse Prepared For Work

Minot, Sept. 12.—Management of the Minot Potato Warehouse association has been taken over by Clyde Nelson of this city, who succeeds William Eidam, it was announced recently. The association expects to begin receiving the 1923 crop of potatoes the latter part of this week, the new manager said. The plant is prepared to take care of all loading and shipping, Mr. Nelson announces, having a capacity of approximately 10 bushels a day.

The warehouse has a storage capacity of between 20,000 and 40,000 bushels.

NOTE—Remington Game Loads are loaded exclusively in "Nitro Club" Waterproof Shells. Waterproof means just what it says.

Why Dealers Here in Town are selling so many Remington Game Loads

IT doesn't take sportsmen long to get the ins and outs of anything new that's offered them.

When Remington announced the Remington Game Loads last year, not all the men who wanted to try them could do so. Because it was their first year and there weren't enough to go around.

But those who did shoot them told the others, and this season there is a demand for Remington Game Loads that has never been approached in the history of the loaded shell business.

Whether you are already a Game Load enthusiast or have yet to shoot your first box—you will be interested in the facts about powder we uncovered in our Bridgeport tests on loaded shells. These are given in the panel at the right.

To the practical minds of the Remington organization, these discoveries indicated that there was just one thing to be done—Fix a safe working standard of velocity, pattern and penetration for each kind of small game.

Make this standard absolute. And load just the right amount of powder to give it—whether it takes an eighth dram more or an eighth dram less.

That is the theory and practice of game loads. Uniform shooting results—instead of a hard and fast loading formula. Powder varies—Remington Game Loads do not.

Naturally, you won't find the weight of powder indicated on Remington Game Load boxes—because the weight is not fixed.

You do not find the name of the powder because Remington takes full responsibility for the shell complete—including the powder.

Go to your dealer's. Get one box of Remington Game Loads and shoot them. We'll leave the rest up to your judgment.

REMINGTON ARMS COMPANY, Inc.—New York City
Established 1816

These are the Facts disclosed by Remington's Ballistic Tests

A—A given weight of the same kind of powder doesn't always give the same velocity, pattern or penetration.

B—Powder varies batch by batch—even the same kind and make. One batch, for instance, gives a velocity of 925 feet per second. Another may fall as low as 840 feet per second.

C—This is nobody's fault. Powder comes that way.

D—The man who buys his shells by the weight and kind of powder—often misses a lot of game and never knows why.

THE AUTHORITY IN FIRE ARMS, AMMUNITION AND CUTLERY

ROTARY PAYS TRIBUTE TO LAFAYETTE

George Shafer, Attorney
General, Gives Sketch of
Life at Luncheon

Rotarians honored the birthday of Lafayette at the weekly luncheon today. Attorney George Shafer gave a most interesting sketch of his life and character stressing his constantcy to high ideals and the great sacrifices he made in behalf of American independence.

Some of the historical side-lights upon this interesting figure were related in a most entertaining style and a vote of thanks was accorded Mr. Shafer for his scholarly address.

T. R. Atkinson qualified as a grandfather. While the Volstead act militated against the New England custom of setting the hair on the baby's head through application and potations of rum, the more prosaic but within the law procedure of passing the "seegars" was resorted to.

An invitation was received and accepted from the Mandan Rotary to be their guest at 12:15 Mandan time, Wednesday, Sept. 26.

"Bill" Nuesse told of his trip into Canada, Montana, Idaho, Washington and other points of the far west. He declared that in Washington they knew how to grow wheat as he inspected fields that went 55 bushels to the acre.

He spoke of an interesting visit to the Hudson Bay company's store at Vancouver. Everywhere in Canada he said the late President Harding had made a profound impression largely because of his kindly nature and utter lack of ostentation. He said that in the charter of the Hudson Bay company was a clause dating back to the regime of Charles II that when royalty visited Canada the company was to entertain them and present them with a fitting gift. The spirit of this clause was invoked, he said, when President Harding and Mrs. Harding visited Canada. This company extended every courtesy and presented Mrs. Harding with a beautiful fur.

Judge Nuesse attended a Rotary meeting at Spokane, Wash., which was a memorial meeting for the late president.

A message was received from Francis Murphy who attended a Rotary meeting at Los Angeles, Cal.

Supt. Saxvik presided at the meeting as a member of the September program committee.

The birthdays of O. N. Dunham and George Humphreys were fittingly celebrated. J. L. Bell presented Mr. Dunham with a gift and Ted Quanrud did the honors for George Humphreys.

Guests of honor were Gov. E. A. Nestor, A. M. Dahmann, Fargo; A. G. Divet, Fargo; Geo. F. Shafer, Homer; Banta, East Moline, Ill.

Guests of honor were Gov. E. A. Nestor, A. M. Dahmann, Fargo; A. G. Divet, Fargo; Geo. F. Shafer, Homer; Banta, East Moline, Ill.

CHEVROLET DROPS TO LOWER PRICE

Building New Factories to
Increase Production and
Distribution

The substantial reduction in Chevrolet prices announced September 1st caused a great surprise in the automobile world in view of the common opinion that good grounds existed for expecting higher prices. Corwin Motor Co., local Chevrolet dealers, state that they had no intimation that a reduction was coming as they knew that for more than six months the Chevrolet Motor Company has been unable to fill half the volume of orders received. Three new assembly plants at Janesville, Wis., Buffalo, N. Y., and Cincinnati, Ohio, and six new body plants adjoining assembly plants are rapidly building up production so that it is believed the company will shortly be in position to fill a much larger proportion of its orders, as it is the fixed policy of the Chevrolet Motor Company to price its product as low as production costs permit. The greatly increased production now possible with seven assembly and six body plants and four parts plants insures construction and overhead savings reflected in the new list prices and which constitute an important step towards still more economical transportation. Following are comparisons of the old and new prices:

Old List New List
Price Price

Superior Commercial
Chassis \$425 \$395

Superior Light Delivery \$510 \$495

Superior Roadster \$510 \$490

Superior Touring \$525 \$495

Superior Utility Coupe \$680 \$640

Superior Sedan \$860 \$795

Utility Express Truck \$575 \$550

All prices are f. o. b. Flint, Michigan.

Piles Can Be Cured Without Surgery

An instructive book has been published by Dr. A. C. McCleary, the noted rectal specialist of Kansas City. This book tells how sufferers from Piles can be quickly and easily cured without the use of knife, scalpel, "hot" iron, electricity or any other cutting or burning method, without confinement to bed and no hospital bills to pay. The method has been a success for twenty-four years and in more than eight thousand cases. The book is sent postpaid free to persons afflicted with piles or other rectal troubles who clip this item and mail it with name and address to Dr. McCleary, 2642 Parkview Boulevard, Kansas City, Mo.

Bogus Tickets To Dempsey Fight Circulated

New York, Sept. 12.—Counterfeit tickets for the Dempsey-Firpo match are being circulated. Tex Rickard, manager, admitted today. Several arrests have been made and some paraphernalia seized. Most of the counterfeit tickets are of the \$5 variety.

NEW FEATURES IN CADILLAC MADE PUBLIC

Some Improvements in Engineering Principle Will Be
Announced Soon

Following the most successful year in its history, coupled with the most satisfactory car it has yet produced, the Cadillac Motor Car company has announced a new type, the V-63, continuing the V-eight principle and embodying more fundamental improvements than any of the previous eight cylinder cars, according to the LaHR Motor Sales Company.

Inquiries resulting from current rumors to the effect that the Cadillac Motor Car Company is in possession of a new engineering principle in automotive engine design are substantiated by a high official of the Cadillac organization, who states that an important announcement will be made by the company within a few days.

In substance, the announcement authorized by H. H. Rice, Cadillac president and general manager, is as follows:

As the culmination of nine years production of cars equipped with 90-degree, V-eight engines, the Cadillac Motor Car company announces a new type, the V-63, embodying the fundamental perfection of the V-type, 90-degree, eight cylinder engine, inherently balanced, and with major parts improved; a system of four-wheel brakes developed and perfected by Cadillac engineers; a frame made even more rigid; a front axle completely redesigned and improved; a more refined, more spacious and unsurpassed for quality, and appearance even in the costliest of custom coach work; and many other improvements.

The new engine marks the practical accomplishment of an engineering feat long considered "impossible" by automotive engineers—the inherent balancing of the reciprocating parts of the V-type, eight-cylinder engine. With this inherent balance, the V-63 retains and combines all of the obvious and admitted advantages of the short, rigid crankshaft and crankcase, giving maximum rigidity in the engine structure and economy of chassis space, coupled with hitherto unknown smoothness of operation.

The V-63 engine, with its radical forward steps, has the benefit of the usual conservative Cadillac policy. It is the outgrowth of nine years of persistent effort in developing one definite principle of engine design, and comes particularly as the result of more than two years of exhaustive research and experimentation by Cadillac and General Motors Research Corporation engineers.

Compensators, or counterweights, are used; and these, in combination with the new arrangement of crankshaft throws, cause the whole assembly—crankshaft, connecting rods and pistons—to operate with the smoothness of a balanced flywheel.

Four Wheel Brakes

A Cadillac system of four-wheel brakes has been developed primarily for the purpose of giving greater safety. It has been installed after a most careful study of the subject both at home and abroad, and includes many new features. Simplicity of design, effectiveness under all conditions, and a need for adjustment much less frequent than in a two-wheel brake system have been the ends attained.

The 132-inch wheelbase is continued and the designers have succeeded

in giving even more leg room, side room and head room both in the front and rear compartments. Yet because of the skillful blending and proportioning of the lines, the bodies appear lower than formerly.

The fenders are of new design, stoutly built of 18-gauge steel. On the instrument board, a new grouping of pressure gauges and ammeter permits the use of a full-size, eight-day clock independent of the speedometer, and produces a simple and artistic effect.

Arrest Man With Counterfeit Kit

Grand Forks, Sept. 12.—Paul Snyder, harvest hand and an outfit said to have been used to make counterfeit currency both are being held at the Grand Forks county jail today pending investigation by Federal authorities.

Snyder was arrested after he is said to have attempted to interest a man with whom he had worked with on a threshing crew in his plan to make bank notes and to have demonstrated the process to him. The outfit consisted of several bottles of acid, a steel roller, and several wooden blocks with quantity of paper.

Lahr Motor Sells Car For Export

Selling cars to be transported to Sweden is the record established this week by the Lahr Motor Sales company. Sale was made a few days ago of a Willys-Knight touring car to John Erickson, brother-in-law of Oscar Backman of Wilton. He will motor to New York in his new car and then take it to Kungsgrutan, Sweden.

French's Ford Coupe Stolen

Commissioner John French's new Ford Coupe was stolen while parked in front of a local theater last evening. No trace of the machine had been found today and police are busy attempting to locate the car.

Fail To Elect Jap President

(By the Associated Press.)

Pekin, Sept. 12.—Lack of a quorum caused the failure of today's efforts to elect a president to succeed General Liangyan Hung, the session of parliament called for that purpose breaking up.

With the attendance of 150 short of the necessary two-thirds quorum, no legal action is in sight.

Tao Kun is still the only candidate mentioned.

EXPECT GREAT THINGS!

Approach your first drive in the new V-63 Cadillac with great expectations. Let the things which you expect from this car exceed anything which you have previously experienced.

Expect first of all a smoothness of performance that heretofore you have regarded as an ideal rather than an attainable reality.

For such is the major contribution of the new Cadillac V-Type 90° eight-cylinder engine—balanced even more accurately, and perfectly compensated to harmonize with every power impulse.

Expect an even greater degree of driving safety than that for which Cadillac has always been praised.

For Cadillac four-wheel brakes, perfected by Cadillac engineers after long and exhaustive research, provide such added safety.

Expect even deeper admiration from your friends—admiration which must inevitably result from the greater beauty, harmony and artistry of the new V-63 body designs.

For in body styles also, Cadillac has advanced its own superb standards.

Expect all of these things and more. Expect great power, speed and flexibility—greater luxury, ease and comfort.

Abundantly, indeed, will these great expectations be realized in the new V-63 Cadillac.

CADILLAC

STANDARD OF THE WORLD

LAHR MOTOR SALES CO. BISMARCK, N. D.
